Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

Annual Action Plan FY July 1, 2022 – June 30, 2023 (AAP FY23) AAP FY23 is the third year implementation plan of the Five Year Consolidated Plan 2020-2025 (ConPlan). The ConPlan is a strategic planning document that provides the framework for the City in targeting the critical but limited federal resources to the highest priority needs. The City encourages citizen participation and citizen input was encouraged during the development of this plan and throughout the ConPlan planning process.

AAP FY23 describes the City's sources and details the uses of certain federal grant funds from the U.S. Department of Housing and Urban Development (HUD) including Community Development Block Grant (CDBG), Community Development Block Grant from the CARES Act (CDBG-CV), Home Investment Partnerships Grant (HOME) and Home Investment Partnerships Grant from the American Rescue Plan (HOME ARP) funds. AAP FY23 outlines activities that will be undertaken during the program year beginning July 1, 2022 and ending June 30, 2023. CDBG, CDBG-CV, HOME and HOME ARP projects and funding allocations are developed from strategies and priorities identified during the planning process. AAP FY23 describes how CDBG, CDBG-CV and HOME Grant funds will be used in the coming year to address the priority needs and local objectives established in the ConPlan.

Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

OGDEN CITY PRIORITY OBJECTIVES

DECENT AFFORDABLE HOUSING OBJECTIVES

1. Improve the quality and increase the supply of decent affordable housing.
2. Expand homeownership opportunities for Low to Moderate Income (LMI) residents.

CREATE SUITABLE LIVING ENVIRONMENT OBJECTIVES

1. Improve the physical safety and appearance of neighborhoods.

EXPAND ECONOMIC OPPORTUNITIES ANNUAL OBJECTIVES

1. Create greater access to capital.
2. Stimulate economic growth.

GOALS AAP JULY 1, 2020 – JUNE 30, 2023

DECENT AFFORDABLE HOUSING GOALS

- Complete the rehabilitation of 5 single-family affordable housing units.
- One new home to be constructed and sold funded by the Quality Neighborhoods program.
- Fund 5 emergency home repair loans for low-income households to make urgent repairs to single-family housing units.

- Help twenty low- to moderate-income (LMI) households qualify to purchase a home by providing down payment assistance.
- Assist a Community Housing and Development Organization (CHDO) with the completion of one housing project every other year, which develops housing units for LMI households in the NRSA. In the program year, assist the CHDO in identifying a LMI housing project that will be completed in a subsequent program year.

CREATE SUITABLE LIVING ENVIRONMENT GOALS

- Improve neighborhood safety and aesthetics by completing one public improvement project every other year.

EXPAND ECONOMIC OPPORTUNITIES ANNUAL GOALS

- Business counseling services to five hundred business owners/potential owners.
- Stimulate business growth, economic expansion through a wide range of Special Economic Development projects (including the city's development of underutilized commercial property, or through financial assistance to for-profit businesses, or to eliminate blight or to create or retain jobs). Completing one project every other year.
- Stimulate economic growth and create greater access to capital by providing direct financial and/or technical assistance to five micro-enterprises.
- Create/retain five Full-Time Equivalent (FTE) jobs by providing funds to small businesses to respond to, prepare for, and/or mitigate the impact of COVID-19 pandemic.
- Direct financial assistance to five LMI microenterprise business owners to respond to, prepare for, and/or mitigate the impact of COVID-19 pandemic.
- CDBG funds may be used to build lending capacity for targeted projects.

Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

An evaluation of past performance is summarized annually in the Consolidated Annual Performance and Evaluation Report (CAPER), which demonstrates the City's performance in administration of the Community Development Block Grant (CDBG) and HOME Investment Partnerships Grant (HOME). As noted in Ogden's Program Year 2020-2021 CAPER last fall, the City's efforts to meet its Annual Action Plan July 1, 2020 to June 30, 2021 and Consolidated Plan goals and objectives were generally successful, especially in view of changing economic conditions, the effects of COVID-19 pandemic, housing market changes, the quick recycling of HOME program Income and general budgetary constraints. The City analyzes past performance to ensure and increase the effectiveness of its funding allocations.

The City continues to create partnerships with financial institutions, neighboring jurisdictions, local businesses and other agencies, Utah Hispanic Chamber of Commerce and Suazo Center to enhance its ability to address community needs and expand the benefits of these federal funds. In the past fiscal year, the City evaluated the needs of microenterprise business owners and modified the program to include technical assistance to LMI microenterprise business owners.

The City of Ogden strives to meet or exceed the goals stated in the Consolidated Plan and Annual Action Plans. The City strives to obligate and disburse its CDBG funds in a timely manner. The City met the May 1, 2021 timeliness test for CDBG spending and has implemented a spending plan to ensure compliance is

maintained. The City is on track to meet the May 1, 2022 CDBG timeliness test. The City proposes to provide 70% overall benefit in FY23 to low- and moderate-income persons, meeting the 70% regulatory requirement.

Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Public participation is an essential part of the ConPlan and Annual Action Plan planning processes because it helps ensure that decisions are made with careful attention to community needs and preferences. Moreover, the input of stakeholders and community members generates additional public awareness about the City's HUD-funded programs and projects. Involvement allows more perspectives to be considered during the decision-making process. Receiving input from stakeholders and residents of Ogden plays a significant role in helping the plans take shape.

The City's public participation efforts include: 1) holding public meetings with a Zoom option; 2) attending a variety of community groups and events by Zoom for the purpose of AAP outreach; 3) dedicating a page on the city's website to the ConPlan that provides a convenient way for residents to receive information and make comments (<http://HUDConplan.ogdencity.com/>); 4) sending AAP information to residents by newspaper, website, and/or water bill insert; 5) outreach to residents and organizations in low- and moderate-income areas; 6) posting notices of public hearings at city offices, and city and county housing authority offices; and 7) expanding efforts to outreach to the Hispanic population, (Ogden's largest minority population), which includes announcements posted in Spanish with Hispanic/Latino partners social media and bulletin boards. The Citizen Advisory Committee (CAC) met February 24, 2022 during the AAP planning process. The CAC meetings provided a forum for discussion, input and recommendations of community development activities.

The City encouraged and accepted public comments throughout the entire Consolidated Plan process; and through the AAP FY23 planning process that ended at the end of the required thirty-day public comment period (April 10, 2022 – May 9, 2022). The website allows for easy online comments to be made by the click of a mouse. Ogden City Community Development Division considers all comments. If a comment received is not appropriate for HUD-funded programs or Community Development efforts, the comment may be forwarded to the appropriate city department for their review and/or implementation. Public comments received are submitted to City Council.

Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Prior to the City Council public hearing to adopt AAP FY23, a 30-day public comment period was provided April 10, 2022 – May 9, 2022. Notice of the public comment period was published in the Standard Examiner April 9, 2022, Appendix A. Spanish announcements were posted at several Hispanic/Latino partners' social media and bulletin boards.

Summary of comments or views not accepted and the reasons for not accepting them

See Appendix A for a summary of comments received and responses to comment(s) not accepted.

Summary

The City encouraged and considered all public comments received during the required thirty-day comment period. The city's website allows for easy online comments to be made by the click of a mouse. Ogden City Community Development Division considers all comments. If a comment received is not appropriate for HUD-funded programs or Community Development efforts, the comment may be forwarded to the appropriate city department for their review and/or implementation. Public comments received are submitted to City Council.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

Introduction

During the development of AAP FY23, the City consulted with public and private entities, which including the Weber-Morgan Local Homeless Coordinating Committee (WMLHCC), the local lead agency for the Balance of State HUD Homeless Continuum of Care (COC), the Weber County Charitable Homeless Trust, Weber County and Ogden Housing Authorities, Utah Fair Housing Forum and Ogden’s Diversity Commission were consulted. All COC providers were contacted to participate in the development of the HOME ARP Allocation Plan, provide data and input in identifying gaps in the COC.

Also, Ogden City’s Community and Economic Development (CED) Departments’ Citizen Advisory Committee (CAC) participated in the development of AAP FY23. CAC comments were received and incorporated into the plan.

Stakeholders consulted included those who work with families or individuals experiencing or at-risk of homelessness, fleeing domestic violence, and other vulnerable qualifying populations. These consultants have relevant knowledge in addressing the needs, identifying gaps in services and potential activities that would best benefit qualified populations.

The process for the preparation of this Annual Action Plan included consultation with the following individuals and organizations:

- Suazo Center
- Utah Department of Workforce Services
- Utah Microenterprise Loan Fund
- Utah Department of Workforce Services
- Diversity Commission
- Fair Housing Forum of Utah
- Weber County Homeless Charitable Trust
- Ogden Weber Community Action Partnership
- Ogden School District
- Weber Human Services
- Coalition of Resources
- Ogden Housing Authority’s Resident Advisory Board
- JL Evans Bank

Partners were encouraged to alert their clients and program beneficiaries that an important planning process was being undertaken and encouraged active participation by beneficiaries.

- Weber Morgan Local Homeless Coordinating Council
- Weber Housing Authority
- Utah Small Business Administration
- Diversity Commission
- Fair Housing Forum of Utah
- Weber County Homeless Charitable Trust

- Ogden Weber Community Action Partnership
- Utah Center for Affordable Housing
- Ogden Housing Authority
- Ogden School District
- Utah Non-profit Housing Corporation
- United Way of Northern Utah
- Catholic Community Services
- Weber Human Services

Preparation of the HOME ARP Allocation Plan included consultation with the following organizations:

- Weber Morgan Local Homeless Coordinating Council (WMLHCC) and the following WMLHCC members contacted directly:
 - Weber Housing Authority
 - Ogden Housing Authority
 - The Lantern House
 - Your Community Connection
 - Youth Futures
 - Roads to independence
 - Church of Latter Day Saints
 - Catholic Community Services
 - PAAG
 - Homeless Veterans

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

- Ogden City Community and Economic Development Department (CED) - CED’s Citizen Advisory Committee reviews ConPlan programs and makes recommendation to the Mayor and City Council about ConPlan programs and funding levels. It includes representatives from service providers, stakeholders, community leaders and city staff.
- Ogden City will continue to seek out opportunities to strategize with a variety of groups to address short-term and long-term community needs. CED staff will meet with community groups and agencies throughout the year to solicit input regarding ConPlan programs and to plan future activities. In addition, CED will continue stakeholder engagements such as those listed in the following table “Agencies, groups, organizations who participated.”
- The City Staff attends Coalition of Resources (COR) meetings. COR has over 100 members with representatives from various for-profit, non-profit, mental health and services agencies, assisted housing partners and public agencies that provide services to Ogden residents. Monthly meetings provide an opportunity for service providers to collaborate and coordinate to efficiently use community resources, reaching a wide range of citizens.
- Staff presented AAP information to Ogden Diversity Commission. The City’s Diversity Commission is meant to give a meaningful municipal voice to groups that have been

traditionally underrepresented in Ogden — blacks, Latinos, women, members of the LGBTQ community, college students, seniors and several others.

- Ogden supports and is engaged with the Ogden Community Action Network (OgdenCAN) to support health, education, and housing opportunities in the East Central Neighborhood. OgdenCAN is a collaboration between Ogden City, Weber County Health Department, Weber State University to combine resources to effectively find solutions to community needs.
- City Staff worked with the Utah Micro Loan Fund, Suazo Business Center, and Ogden Weber Tech college (OTech) to identify and better understand technical assistance deficiencies for microenterprises and Minority Business Enterprises in Ogden City.
- City staff has consulted with Suazo Center, Utah Hispanic Chamber of Commerce (UHCC) to improve outreach to the Spanish-speaking community, Ogden’s largest English-as-Second-Language population.
- A Weber State University and Ogden City Education Collaborative Agreement is in place to further efficient use of resources for Ogden residents.
- The Disability Law Center (a Fair Housing Initiative grant recipient), Utah Anti-discrimination, and Labor Division have collaborated with Ogden City to affirmatively further fair housing in Ogden, providing advocate services and fair housing testing in Ogden.
- Ogden City staff attends the Fair Housing Forum to improve coordination of Fair Housing efforts in Utah.
- Own In Ogden staff conducted outreach and met with local lenders to identify partnership opportunities in assisting LMI homeowners obtain funding to buy a home in Ogden and conduct a Housing Market Study.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

- Ogden City strategizes with and participates in and holds a voting seat on the Weber County Homeless Coordinating Council’s (WCHCC) Executive Committee. The WCHCC is the local Continuum of Care (COC) collaborative applicant, coordinates the efforts of organizations that provide services to the homeless and other special populations for Emergency Shelter Grant (ESG) programs and coordinates groups that serve the HIV/AIDS population with HOPWA funding.
- The local Continuum of Care process involves the agencies and programs that receive funding from the U.S. Department of Housing and Urban Development (HUD), and does the following:
 - Assesses capacity and identifies gaps in homelessness services,
 - Evaluates outcomes achieved by funded programs, in comparison to both local and national benchmarks,
 - Proactively develops improvements and solutions to systemic issues,
 - Works to implement HUD priorities and community priorities to end chronic homelessness in Utah,
 - Facilitates the allocation of funding to homelessness provider agencies,
 - Serves as an inclusive vehicle to promote best practices,
 - Utilizes the Service Prioritization Decision Assistance Tool (SPDAT) to identify those most in need of service and help prioritize time and resources,
 - Homeless justice court at the Lantern House homeless shelter,
 - City-funded homeless outreach and advocate specialist,

- Facilitates access to mainstream resources and services for the homeless, and
- Works to develop best practices to assist homeless persons directly.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The State Homeless Coordinating Committee provides oversight and approves allocations of funding for providers of homeless services. The committee ensures that services provided to the homeless are utilized in a cost-effective manner and works to facilitate a better understanding of homelessness. Programs are devoted to emergency housing, self-sufficiency, placement in employment or occupational training activities, special services to meet unique needs of the homeless with mental illness and those who are part of families with children. Contracts are awarded to providers based on need, diversity of geographic location, coordination with or enhancement of existing services, and the use of volunteers.

In 2021, Utah Homelessness Council was enacted by law UT 347. Ogden Mayor, Michael Caldwell, holds a voting seat on the Council. In cooperation with the Homelessness Coordinator, Wayne Niederhauser, the Council is responsible for developing and maintaining the homeless services budget, developing and maintaining the strategic plan, reviewing applications and approving funding for the provision of homeless services. Funding for homeless services comes from multiple state and federal sources. In addition, the Council is responsible for the review of local and regional homelessness plans.

The Weber Morgan County Homeless Local Coordinating Council WMCHLCC provides coordination of services to the Continuum of Care and its membership to ensure the goals and outcomes established for the Emergency Solutions Grant Program and other special needs housing programs meet the needs of the community. In addition, the WMCHCC is the Homeless Management Information System (HMIS) lead for Ogden City. The WMCHCC organization administers the HMIS for the county and sets a uniform standard for all agencies to gather information for HUD reporting and local homeless strategies. All Weber County HUD-funded Emergency Shelter Grant (ESG) organizations enter information into the HMIS system.

Ogden City does not apply or receive Emergency Shelter Grant (ESG). City staff engages with agencies and organizations who are members of the local Continuum of Care on an on-going basis throughout the program year, including participating in the WMCHCC.

WMLHCC is the lead agency for the Utah Balance of State Continuum of Care (CoC), and the CoC was consulted about potential HOME-ARP activities, fund distribution, and collaborations. WMLHCC provided assistance for outreach to all WMLHCC members.

Identify any Agency Types not consulted and provide rationale for not consulting

Efforts were made to consult with as broad of a range of agencies as possible; no agency types were specifically excluded from the consultation process.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Community Assessment & Strategic Plan 2019 (Plan) Weber County Homeless Plan	Weber Morgan County Homeless Coordinating Committee (WCHCC)	The City continues to strategize with WMCHCC and implements the Plan by funding a full-time homeless outreach/advocate specialist, participates in regular WMCHCC meetings and the City operates a homeless court at the Lantern House. The Plan’s goals coordinate with the city’s ConPlan goals: Identify the scope of the homeless problem in Weber County, Prioritize service needs for the homeless population, Identify the service gaps in the continuum of available services, Develop strategies to eliminate gaps in service, Enhance service integration, interagency collaboration and effective service coordination by providing regular opportunities for service providers to meet and develop professional relationships, communications, and interagency networking, and Continuously update information on available community resources.
Quality Neighborhoods Initiative	Community and Economic Development Department	The Quality Neighborhoods Initiative is the City’s plan to stabilize and revitalize Ogden’s neighborhoods as “neighborhoods of choice” by establishing a pattern of public investment that catalyzes desirable and appropriate community development. In redeveloping neighborhoods, creating this investment environment involves building on the bright spots that exist within the neighborhood while removing impediments to investment. This plan is a framework of implementation of the ConPlan’s housing programs.
Wasatch Choice Regional Vision	Wasatch Front Regional Council	Wasatch Choice envisions transportation investments and inter-related land and economic development decisions that achieve desired local and regional outcomes. The strategic plan selects areas for public improvements that are enhancing areas already in redevelopment or areas that are in need of redevelopment, thereby eliminating duplication of efforts and selecting projects with the greatest local impact.
Community Investment Framework	Ogden City Redevelopment Agency	The ConPlan and Community Investment Framework both identify community needs and target resources to encourage and assist homeowners and private enterprise to invest in Ogden’s neighborhoods and to identify and pursue development activities that will support and sustain Ogden as an attractive and vibrant place to live and work.
Involve Ogden General Plan and Community plans	Ogden City Planning	The General Plan and Community Plans create a vision for future development activities. The planning process provides an opportunity for residents and stakeholders to participate in creating a vision for the future and sharing their ideas. ConPlan activities are selected to align with these city plans.
Utah State HOME American Rescue Plan	Utah State Office of Homeless Services	The City consulted with Utah State Office of Homeless Services to coordinate HOME ARP funding and projects.

AP-12 Citizen Participation – 91.105, 91.200(c)

Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Ogden City recognizes the importance of citizen participation in the development and execution of Annual Action Plan FY 2023. During the AAP planning process, the City followed its Citizen Participation Plan. The Community and Economic Development Departments (CED) Citizen Advisory Committee (CAC) met on February 24, 2022 to review the AAP and make recommendations to City Council for the adoption of the AAP FY23. The city presented a summary of the Annual Action Plan FY23 proposed funding strategy and proposed programs before the Coalition of Resources, and Ogden City Diversity Commission, and Weber County League of Women Voters - where citizens had the opportunity to provide input to the AAP. Citizen participation helps to inform City Council of citizen comments, which is considered in goal setting.

April 12, 2022, City Council held an in-person work session with the option for the public to view virtually. A notice describing the AAP FY23, budget and how to review the AAP and HOME-ARP Allocation Plan was published in the Standard Examiner on April 9, 2022 in English. The city expanded outreach by posting AAP and HOME ARP announcements of documents available for public review in Spanish at the city's website, posted to local Spanish-speaking stakeholder groups' social media sites, and bulletin boards. City Council held an in-person (and virtual option) Public Hearing June 21, 2022 to review and accept public comments for AAP FY23 by Zoom and Facebook Live with the option for real-time captioning for the hearing impaired and Spanish translation available. Ogden City Council held a public hearing, which provided the option for virtual participation, increasing the opportunity for public participation. Ogden City Council approved the Annual Action Plan June 21, 2022.

Introduction

Annual Action Plan FY2023 (AAP FY23)

The City of Ogden receives federal funds through the U.S. Department of Housing and Urban Development (HUD) on an annual basis. During the third year of the Five Year Consolidated Plan 2021-2025 (ConPlan), the City anticipates Community Development Block Grant Entitlement (CDBG EN) award of \$1,026,627 and CDBG EN carryover is estimated at \$845,932 and expects to receive approximately \$1,212,898 new CDBG Program Income (PI) for a **total CDBG budget of \$3,085,457**. **CDBG-CV CARES Act budget \$852,958** carries-over from FY22 to FY23. The HOME Partnerships Investment Grants Entitlement (HOME EN) award for the program year is \$458,988 HOME EN carryover is estimated at \$589,076, and the City expects to receive approximately \$510,169 in HOME PI for a **total HOME budget of \$1,558,233**. The **Total HUD budget is \$5,496,648** for AAP FY22, July 1, 2022 thru June 30, 2023. See AAP FY2023 Budget page, Appendix B.

The City utilizes several approaches to leveraging CDBG and HOME funds HUD funds. The City has collaborated with Synchrony Bank to leverage private dollars to rehabilitate Ogden's distressed and vacant housing and a private line of credit for construction of new single-family housing units. Target Area Public Improvements projects may include City General Funds for infrastructure development leveraging CDBG funds. In partnership with Utah Non-profit Housing Corporation (UNPHC), the City staff and UNPHC

strategize, and the city contributes CHDO funds to provide funding for affordable housing unit rehab or development in Ogden. The Home Exterior Loan Program (HELP) utilizes City General Funds to rehabilitate housing city-wide without income or geographic restrictions. Private and general fund resources leverage Ogden’s CDBG and HOME housing projects.

Ogden City is in partnership with the Utah Center of Neighborhood Stabilization (UCNS) to develop Utah Equitable Transit Oriented Development (UETOD) projects in Ogden. The Wasatch Front Regional Council consortium created a loan fund (UETOD) to help craft the structure, size, operation and conditions of a TOD funds, that once established would provide incentives for development around public transit stops. The Mission of the fund is to provide affordable housing, both homeownership and rental, within one half mile of high-capacity transit and/or high frequency transit that meets housing needs for households earning less than 80%, with a priority given to developers targeting 50% or below of area median income (AMI). One UETOD project completed in Ogden and Ogden City is working with UCNS to identify future project sites and funding.

The Special Economic Development Projects Program typically provides CDBG funding to projects that bring in a variety of financial resources to implement large-scale projects in Ogden that create/retain jobs and stimulate the economy. Ogden City’s business loan programs provide loans to small and microenterprise businesses in Ogden, which often do not qualify to receive traditional financing. Businesses that do not yet qualify for traditional financing may gain access to capital.

Ogden City has a 100% waiver from HOME Match requirements. When required to contribute HOME Match funds, the City funds projects from local tax revenue generated from redevelopment areas.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Ogden City purchased the following single-family properties and began the substantial work needed to bring the homes up to quality housing standards. These homes are underway at the start of the program year and renovations are expected to be complete by June 30, 2023. These homes will be sold at HUD’s required HOME fair market rate to Low- to Moderate-Income (LMI) households.

AP-35 Projects – 91.220(d)

Introduction

The City’s allocation strategy is based on priorities contained in the ConPlan, approved by the City Council and HUD in 2020. These priorities are summarized in each ConPlan section (Housing, Homelessness, Anti-Poverty Strategy, Community Development, etc.). Community characteristics and needs are assessed to determine the most effective uses for HUD entitlement funding. In accordance with statutory regulations, over 70% of the City’s CDBG activities will assist very-low to moderate-income persons. Up to 30% may fund activities that address an urgent need as a result of COVID-19 pandemic. In allocating funds, the CED strives to balance several fiscal strategies: ●Availability of CDBG and HOME funds. ●Public input and recommendations. ● Overall City Administration and City Council goals and priorities. ● Given limited resources, maintain levels of performance to programs that continue to perform well and serve the community. ●Viability of the project. ●Additional available resources. CDBG funds AAP FY23 are targeted to meet the needs of very-low-income to moderate-income residents. CDBG-CV are to assist businesses mitigate the impact of COVID-19. HOME funds can only be used to address eligible LMI housing activities, including down payment assistance, single-family and housing rehabilitation, and new housing construction projects. HOME ARP funding is limited to fund activities that provide homelessness assistance and supportive services through several HOME-ARP defined eligible activities.

Table 5 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocation of funding for the AAP FY23 projects has been determined based on overall priority needs identified in the ConPlan process. Analysis of data, consultation with stakeholders, public input, and study of Ogden’s Strategic Plan and Housing Market Study contributed to establishing these priority needs. Other considerations in determining funding allocation included the ability to leverage additional funding sources with HUD funds and the availability and readiness of upcoming activities to ensure timeliness thresholds are met.

The city's HOME and CDBG funds are geographically targeted to preserve and provide affordable and quality housing stock in the Quality Neighborhoods Program Area (QN). HOME and CDBG funds are used to rehabilitate distressed homes citywide, with priority targeting within the NRSA. By targeting new housing development and housing rehabilitation efforts within QN census tracts, the city is improving housing and increasing mixed-income housing options. The Emergency Home Repair loan program, funded through CDBG, provides loans to low-income persons who cannot afford health/safety housing renovations. Applicants are selected for this program based on income eligibility. The Emergency Home Repair Program provides loans to qualified homeowners city-wide and is not geographic specific.

The City's economic development CDBG funds are targeted for the development of the Central Business District, NRSA, airport, major corridors, Trackline EDA, and Business Depot of Ogden and businesses in key industries. The goal for new business and economic development activities will be to create household sustaining incomes for Ogden City residents while furthering the growth and fiscal health of the City. Jobs created/retained within the NRSA are presumed to benefit low-mod income persons. CDBG for economic development can be used city-wide to address needs as they arise in developing, stagnant or troubled areas of the city.

Some of the obstacles contributing to these underserved needs are:

- Lack of funding to meet the housing needs of very low-income households.
- Increased costs of construction
- Diminishing supply of land for development
- Challenges of redevelopment (land assembly, costs, adequate developers)
- Private, non-profit and government inability to keep up with growth of population in need
- Competing demands for public services
- High unemployment

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Quality Neighborhoods projects and CHDO projects, which include housing rehabilitation and new construction are targeted to the NRSA or to East Central neighborhood inside the NRSA but may be city-wide. **The Own In Ogden** down payment assistance program is available city-wide on a first-come, first-served basis, to assist LMI households in purchasing a home. The **Emergency Home Repair Program** is available city-wide to eligible low-income homeowners at or below 50% Area Median Income (AMI) on a first-come, first-served basis. The Own In Ogden Program and Emergency Home Repair program benefits individual households and are not targeted to specific areas, but instead are provided on the basis of household income and need. In addition, financial assistance to Utah Non-Profit Housing Corporation, a certified **CHDO**, is generally available city-wide with targeting to affordable housing projects within the NRSA. The City targets resources to the NRSA. The City has identified neighborhood census tracts that have 51% or more residents who are Low- to Moderate-Income (LMI). These census tracts are referred to as CDBG Strategy Area and overlaps the NRSA census tracts but extends beyond the NRSA to other LMI neighborhoods. **Target Area Public Improvement Projects** (i.e. street improvements, trees, lighting and sidewalks improvements, etc.) are targeted to specific locations within the CDBG Strategy Area which are deemed by City Council, City staff and/or from public input to be most in need of revitalization or public investment while addressing the City's strategies and goals.

Business Development provides several CDBG and CDBG-CV funded loan programs that are available city-wide with targeting to businesses in key industries and/or businesses located in the Central Business District, NRSA, airport, major corridors, Trackline EDA and the Business Depot of Ogden.

Accordingly, resources available in this Annual Action Plan will be geographically targeted, whenever possible, to benefit as many low- and moderate-income residents as possible.

CDBG STRATEGY AREA	13%
OGDEN CITY-WIDE	18%

Table 7 - Geographic Distribution

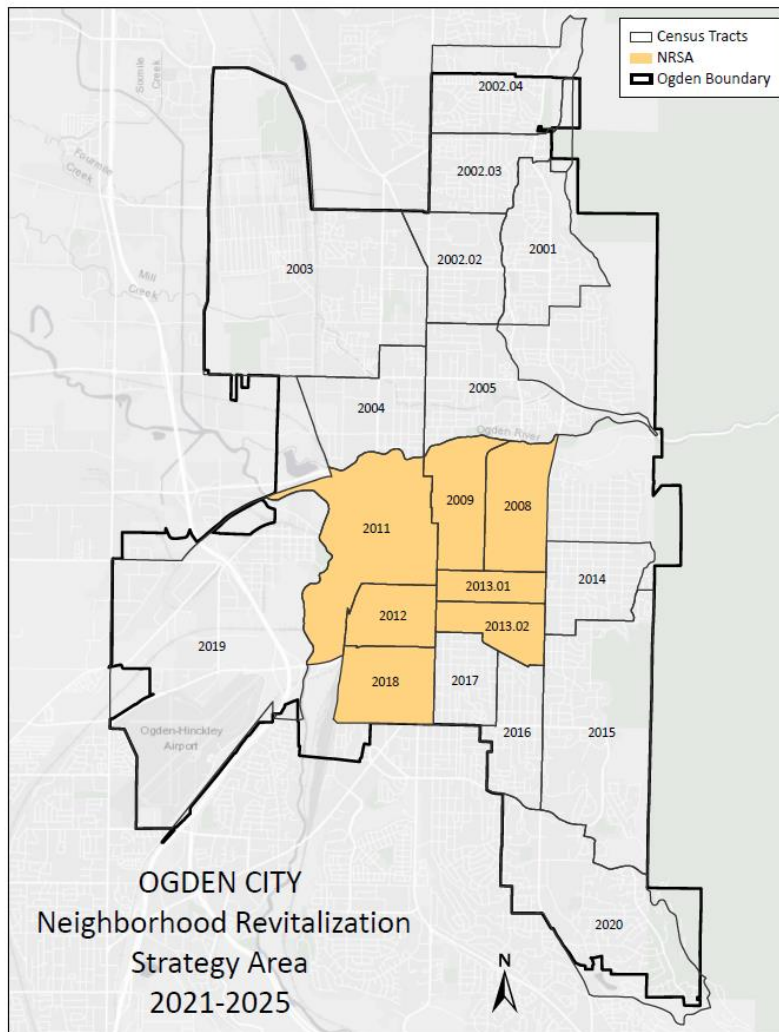

Rationale for the priorities for allocating investments geographically

The City encourages development of affordable housing in areas of the city that will benefit residents and not perpetuate concentration, exclusion or segregation. In order to generate the greatest impact from declining entitlement funds, the City will focus efforts in the NRSA.

The City has identified areas of the city that are eligible for resource allocation under the Community Development Block Grant (CDBG) and HOME programs on an area basis. The allocations of funds to the

CDBG Target Area is designed to support actionable, high-impact infrastructure, housing and other development projects that build on Ogden's downtown employment centers and when possible have additional funding committed from other resources. Targeting and leveraging entitlement funding represents the best opportunity to accomplish the city's community development goals. By concentrating investments in these target locations, the city can achieve its intended results in the most efficient and timely manner possible.

The NRSA Plan is designed to use CDBG funds in activities that are intended to build market confidence in neighborhoods by stabilizing housing stock and public improvements that enhance neighborhoods, increasing homeownership rates, job creation and retention, growing small businesses, and creating greater access to capital for LMI microenterprise business owners. The NRSA provides greater flexibility that allows the City to serve a broader base of residents and businesses than would otherwise be eligible.

AP-55 Affordable Housing – 91.220(g)

Introduction

The City utilizes a combination of strategies and funding sources to address the affordable housing needs in the community. These efforts include the implementation of the Quality Neighborhoods (QN) Program to purchase homes, rehabilitate and then sell them to LMI households and includes acquisition for building new housing units. The Emergency Home Repair Program also improves the safety of affordable housing units that experience an emergency. The city funds Infill housing projects to increase the supply of quality affordable housing units. The city may partner with a Community Housing Development Organization (CHDO) to renovate or build affordable single-family housing units or rental housing units. In addition, the Own In Ogden, down payment assistance program provides LMI households the funds needed to help purchase a home in Ogden and homebuyers must live in the HOME assisted unit as their primary residence. The City is committed to improving the quality of affordable housing units in Ogden and to assisting LMI households meet their housing needs. Seventy-one percent of the CDBG, HOME and HOME-ARP funds are budgeted to housing benefit.

With the use of CDBG and HOME and/or a combination of these funding sources, it is anticipated that **31** households will receive assistance thru the availability of renovated affordable housing units, construction of new housing units or assistance in the purchase of homes: **10 housing units rehabilitated** (5 Quality Neighborhood and 5 Emergency Home Repair); **1 new housing unit constructed** (Quality Neighborhoods program) this program year; and **acquisition of 20 housing units** (20 Own In Ogden down payment assistance loans to LMI homebuyers).

AP-60 Public Housing – 91.220(h)

Introduction

The Ogden Housing Authority (OHA) continues to play a major role in providing public housing within Ogden City. The OHA has 200 public housing units at six scattered sites and administers 946 Housing Choice Vouchers, 96 HUD-VASH Vouchers, 25 Shelter Plus Care Vouchers, 105 Mainstream Vouchers and funding for 6 HOPWA clients. In addition, OHA administers 52 Moderate Rehabilitation units owned by private owners. Although the OHA strives for 100% utilization of all housing programs administered there continues to be a shortfall of housing assistance and affordable rental units in Ogden City. While the OHA served over 1,800 families during the period January 1, 2020 thru December 31, 2020 which includes over 1,200 children, there continues to be a need for the services offered by the housing authority. There are approximately 1,000 families on the waiting list.

Actions planned during the next year to address the needs to public housing

To meet this need OHA will continue to utilize funding received from HUD to serve the housing needs of families that apply for rental assistance. OHA understands that utilizing 100% of the funding for the programs will have a positive impact on families waiting to be served. In addition, the housing authority continues to seek other funding opportunities or opportunities to partner with other agencies to meet the housing needs in Ogden City.

In an effort to meet the needs of affordable housing OHA will continue to work towards the following strategies:

- If available, seek additional funding for the Section 8 Housing Choice Voucher program to insure families have the ability to find decent, safe, and affordable rental housing.
- Ensure Housing Choice Voucher units are properly utilized, to include funding, to maximize the number of families served.
- Ensure Public Housing units are utilized with little down time to serve families on the waiting list.
- Employ effective maintenance and management policies to minimize the number of public housing units off-line and vacancy turnaround time.
- Ensure the waiting list is properly maintained and utilized to meet the housing needs for applicants.
- Undertake measures to ensure access to affordable housing among families assisted by the OHA, regardless of unit size required.
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration.
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program.
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies.

Increase the number of affordable housing units by:

- Apply for additional Housing Choice Vouchers and other funding as available.
- Leverage affordable housing resources in the community through the creation of mixed finance housing.
- Pursue available housing resources other than public housing or Section 8 tenant-based assistance. Seek opportunities for tax credits to construct new or rehabilitate existing housing.

Target available assistance to Families with Disabilities:

- Carry out modifications needed in public housing as funding allows.
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available.
- Affirmatively market to local agencies that assist families with disabilities.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority has a Resident Advisory Board (RAB) that meets regularly. The RAB is comprised of clients/tenants served by the agency. The purpose of a RAB is to act in an advisory capacity to the OHA's annual plan and encouraged to express/voice the concerns of the tenants and to make suggestions to management. In addition to the RAB, the OHA has one Board of Commissioner seat designated for a tenant/client served by the agency.

OHA continues to reach out to those served by making educational and informative classes available through other agencies. These classes are related to computers, financing, housekeeping, GED, etc. Ogden City forwards City job announcements to the OHA for posting at OHA's community boards. As opportunities arise for employment and homeownership opportunities the OHA would direct residents to these resources. Although the OHA does not mandate any of the above, efforts are made to encourage and promote self-sufficiency, which hopefully can lead to home ownership.

In partnership with Ogden City, the OHA displays draft Consolidated Plan documents at the OHA offices. City staff meets with the RAB, providing residents an opportunity to participate in the Consolidated Plan process.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Ogden Housing Authority is not designated as troubled.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Ogden does not apply for or directly receive Emergency Shelter Grant (ESG). ESG funds are administered by The Lantern House in Ogden. ESG is one of the sources used to address the needs of homeless persons and persons with special needs in Ogden. ESG funding is used to implement strategies to prevent homelessness, encourage individuals living on the streets to move to housing and provide services to those living in emergency shelters with the goal of successful permanent housing placements.

In September 2021, Ogden City was awarded from the U.S. Department of Housing and Urban Development (HUD) \$1,652,923 HOME Investment Partnerships Grant – American Recovery Plan (HOME ARP) grant funds to benefit qualifying populations with four eligible activities: (1) Tenant Based Rental Assistance (2) development and support of affordable housing (3) provisions of supportive services; and (4) acquisition and development of non-congregate shelter (NCS) units. The City undertook extensive outreach to Continuum of Care providers, data gathering and gap analysis in the development of a HOME ARP Allocation Plan. The City adopted a HOME ARP Allocation Plan attached as Amendment #3 to AAP FY22. The City will implement the HOME ARP Allocation Plan beginning AAP FY23 to help house or keep housed families or individuals through eligible activities.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

During and after the housing crisis caused by the COVID-19 pandemic, HOME-ARP qualifying populations in Ogden need support to improve their resilience. These vulnerable families and individuals experience compounded obstacles, including housing cost burden or living in poor housing conditions. Based on the HOME ARP budget, not enough funding is available for construction of new rental or NCS housing. Instead, the City will consider a combination of rental assistance and supportive services in order to stabilize homeless and at risk populations. A Request For Proposals (RFP) will be used in the project selection process. The HOME ARP Allocation can be viewed at: <http://HUDconplan.ogdencity.com>.

Ogden city Community Coordinator canvases the Ogden area on a regular basis in search of individuals who are experiencing literal homelessness and are not yet linked with homeless services. This program connects homeless individuals with homeless-to-housing case managers to help provide education about shelters and needed resources, and housing assistance. As an outreach program, there is no application for this program and it is funded by non-federal funding.

The City continues its participation in and support of the Weber County Homeless Coordinating Council's (WCHCC) efforts to end homelessness and Weber County Homeless Charitable Trust (WCHCT) efforts to support homeless providers and homelessness prevention service providers. The City of Ogden works in coordination with the WCHCC, which is the lead agency reporting to the Utah Balance of State (UBOS) Local Coordinating Council.

The City participates in the Continuum of Care (CoC) process regarding Utah's anticipated Emergency Shelter Grant (ESG) Funds for the year, which is obtained competitively through the Utah Department of Community and Economy Development. In addition, the City coordinates efforts with the Lantern House, which receives ESG funds. The Weber Housing Authority conducts point in time counts for the WCHCC.

The point in time counts allows participant agencies to assess the level of homelessness needs in the community, as well as provide referral services and resources to homeless persons.

The City has allocated substantial resources to create jobs through economic development activities. Insufficient incomes have been identified by the city, county and state as a main contributing factor to homelessness. The City's NRSA Plan, Ogden City's Strategic Plan, East Central Housing Needs Assessment and AI, as well as, stakeholder input support job creation in Ogden for the goal of increasing incomes for Ogden residents. The city has committed considerable resources (both federal and non-federal resources) to addressing one of the most overwhelming obstacles in homelessness prevention, insufficient incomes.

The City participates in the Weber County Homeless Charitable Trust (WCHCT) to provide funding to non-profit homeless providers (described in priority objective 4.1 in the ConPlan). The Weber County Homeless Charitable Trust is an independent organization whose sole purpose and mission is to provide funding to non-profit homeless prevention and services providers. Ogden City supports the WCHCT and the Community Development Manager serves on the Trust's Board of Directors.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Lantern House is the emergency shelter for Northern Utah. The new facility was completed in 2015, which expanded services from their outdated facility. The Lantern House can now provide shelter to households without splitting up families with older children and male head of household. The new facility allows the shelter to accommodate the increase in the homeless population in Weber County.

WCHCC is developing a coordinated access system to assess the status of housing and support services. The WCHCC provides services to connect individuals to resources that assist individuals and families to move from homelessness to qualifying for low-income housing with the ultimate goal for some, of achieving homeownership. Prevention programs offer support prior to the loss of housing such as rental and utility payment assistance for low-income families. Discharge plans ensure housing connections are made for individuals leaving institutions, such as jails, hospitals, and substance treatment facilities. For those currently in shelter, treatment of homelessness takes the form of rapid re-housing or placement into housing with concurrent supportive services.

The Veterans Affairs Supportive Housing (VASH) program targets the needs of homeless veterans and their families and provides housing resources and case management with support services. Your Community Connection is a community based, volunteer driven non-profit organization serving the Northern Utah community since 1945. Its mission is "to provide services to support and enhance the quality of life for all women, children and families". YCC's programs focus on providing at-risk individuals and families with opportunities and education to achieve goals of affordable housing, homeownership, and self-sufficiency. The YCC has received McKinney-Vento Homeless Assistance Act grant funds. These shelter and transitional programs address the needs of specific populations such as chronically homeless persons, families, person with severe substance abuse histories or those suffering from dual or multiple co-occurring disorders.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Shelter Plus Care

Shelter Plus Care is a program designed to provide housing and supportive services to chronically homeless individuals with disabilities. Ogden Housing Authority and Weber Housing Authority provide housing vouchers along with supportive services to be provided by Weber Human Services, St. Anne's Center – Lantern House, Tri-County Independent Living Center and Utah Division of Workforce Services.

Program Goals:

- Increase housing stability
- Increase skills and/or income
- Increase access to needed supportive services
- Reduce recidivism

The OHAs Shelter Plus Care program works in partnership with local non-profit agencies to coordinate efforts for chronically homeless individuals. Under this partnership agreement, St. Anne's Center, Weber Human Services, and Tri County Independent Living Center refer those meeting the definition of chronically homeless to the OHA. The OHA, if a Shelter Plus Care voucher is available, provides the housing assistance. The partners provide the appropriate services and case management support that provides the opportunity needed to transition to permanent housing and self-sufficiency. The OHA has applied for funding to continue the Shelter Plus Program for an additional year.

Homelessness Prevention and Rapid Re-housing Program (HPRP)

HPRP assists individuals and families who are experiencing homelessness (residing in emergency or transitional shelters or on the street) and need temporary assistance in order to obtain housing and retain it. This program will provide temporary financial assistance and housing relocation and stabilization services to individuals and families who are homeless or would be without assistance.

Catholic Community Services (CCS) has received homeless prevention funding from Utah State Community Services Offices and has implemented a Homeless Prevention and Rapid Re-housing Program (HPRP) to assist homeless and low-income households who have a housing crisis or are in precarious housing situation in Weber County. Assistance includes helping individuals and families who are currently in housing but are at risk of becoming homeless and who need temporary rent assistance or assistance moving to another unit to prevent them from becoming homeless. The CCS's HPRP program has completed its three year grant funding allocation and is now at an end; no additional HUD HPRP funds have been granted to CCS.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City's ConPlan goals contribute to helping homeless persons make the transition to permanent housing and independent living by funding economic development initiatives that create jobs in Ogden and by expanding affordable housing options to these populations. The City funds services, such as homeless street outreach and homeless court at the Lantern House, using non-federal funds.

Discussion

The City did not apply and does not receive Emergency Shelter Grant (ESG) or HOPWA funding.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

There are a number of barriers to affordable housing that can only be partially controlled at the local government level. These include availability of sites, construction costs and banking / credit practices. Construction costs are influenced by economic conditions in the entire Northern Utah region. Banking practices are determined largely by institutional practices and federal regulations. The City has developed partnerships with local lending agencies to increase low- and moderate-income lending opportunities.

Zoning and building and safety regulations can create barriers to affordable housing. To avoid barriers, the City has an on-going practice of updating its zoning code. The City has a zoning ordinance in place which opens up opportunities for different housing types. Specifically, it promotes attached housing, very small lots for single family homes, apartment development and units above commercial space. The City also conforms to standards set by the International Building Code (IBC), which is utilized through the State of Utah and the enforcement of IBC regulations does not create unique restraints on construction or rehabilitation in Ogden.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Although many issues that affect fair housing choice have been identified, the city is limited in resources and ability to impact all areas. The City's Analysis of Impediments to Fair Housing Choice identified the following impediments. These impediments may have a direct and substantial impact on fair housing choice and are within the City's ability to impact. Below are impediments to Fair Housing Choice, as well as defined goals and strategies to address each impediment:

IMPEDIMENT 1

Uneven Fair Housing infrastructure - Fair Housing brochures, webpage and materials are printed mostly in English, limiting the available of Fair Housing information to non-English speaking persons.

ACTION ITEMS

1. Utilize the City's Language Assistance Plan (LAP). Posting notices and/or announcements in English and Spanish. Expand Ogden's HUD-funded programs' outreach to include Spanish translation and outreach to Spanish-speaking citizens, Ogden's largest minority group.
2. Ogden City does not have a Spanish newspaper. The City will collaborate with the Utah Hispanic Chamber, LUPEC and Suazo Center to promote Ogden's HUD funded programs to the Hispanic community by posting announcements of HUD-funded activities in Spanish utilizing these organizations social media and bulletin boards.
3. Translate the City's Fair Housing webpage and vital HUD-funded program documents in Spanish; and print from HUD's website and make available informational pamphlets and Fair Housing brochures for LEP individuals.
4. Participate in the Utah Fair Housing Forum to develop best practices that ensure "equitable" program implementation.
5. Continue to provide citizens with consistent Spanish translation services.
6. Establish a centralized list of resources for assisting LEP individuals, by utilizing the City's Intranet.

IMPEDIMENT 2

Deteriorating Quality of Housing Inventory in Racially Concentrated Areas of Poverty (RCAP)- Ogden's housing stock is aging in Ogden's NRSA.

ACTION ITEMS

1. Engage the State and local Weber County communities to develop solutions that end the concentration of low-income housing in Ogden and de-concentration of low-income housing and poverty in Ogden.
2. Target funds to the NRSA to promote investment of resources in RCAPs.
3. Implement Quality Neighborhoods Program to target resources to improving the condition of housing in the NRSA and in Ogden's high minority and high poverty East Central neighborhoods.
4. Partner with local lenders and non-profit groups and social investment companies to expand Ogden City's Community and Economic Development Department's access to funding to improve the quality of housing in the NRSA that has two RCAP Census Tracts.
5. Aid with housing rehabilitation to all income levels through the Home Exterior Loan Program (HELP). The HELP program provides a low interest loan to homeowners in need of exterior repairs and repairs to address housing code issues, improving the quality of housing in Ogden.
6. The City maintains a comprehensive infrastructure plan which has an infrastructure replacement schedule that bonded for significant improvements in the NRSA area over the next decade.

IMPEDIMENT 3

Weak Job-Transit Connections - Throughout the community engagement process, one area that identified as impacting housing choice and access to employment resources was transportation.

ACTION ITEMS

1. Implement the City's Transportation Master Plan, which identifies the City's transportation needs and deficiencies and addresses the creation of a transportation network.
2. Partner with Utah Center for Neighborhood Stabilization to identify Utah Equitable Transit Oriented Development project sites in Ogden.
3. Implement a Bus Rapid Transit (BRT) line (Phase II) that increases mobility, connectivity and travel choices between downtown Ogden, WSU village Drive, Dee Event Center, Harrison Boulevard, 4400 South and the WSU/McKay-Dee Hospital area.

IMPEDIMENT 4

Landlords lack familiarity with Fair Housing Act - many landlords are not aware of their responsibilities to provide "reasonable accommodations" as required by the Fair Housing Act.

ACTION ITEMS

1. Review the Good Landlord curriculum to ensure it adequately addresses the Fair Housing Act and particularly the Reasonable Accommodations requirements for landlords.
2. Work with state agencies and DLC to promote fair housing educational opportunities.
3. Work with the Utah Apartment Association's to increase attendance at Fair Housing Tradeshow.
4. Promote April as Fair Housing Month to increase the public's awareness of the Fair Housing Act. Display posters at City offices and provide posters to partners.

IMPEDIMENT 5

High Rate of Evictions and Foreclosures in Ogden City's NRSA and East Central neighborhood.

Areas with minority concentration have had higher foreclosure and eviction rates than other areas of the city and Weber County.

ACTION ITEMS

1. Implement the HOME ARP Grant to provide homelessness assistance and/or supportive assistance to the HOME ARP qualifying population; primarily benefitting persons that are homeless, at risk of homelessness or in other vulnerable populations.
2. Partner with Ogden Housing Authority, Weber Housing Authority, and the Weber Morgan Local Homeless Coordinating Committee to support affordable housing solutions on a county level.
3. OgdenCAN and Disability Law Center to provide education on renters' rights.
4. Promote renter's rights and when necessary, refer them to the Disability Law Center and/or Utah Anti-discrimination and Labor Division for legal counsel.
5. Allocate funding to the NRSA neighborhoods with Racially Concentrated Areas of Poverty (RCAP) to improve infrastructure and to encourage economic development.
6. Offer down payment assistance and home rehab loans in the NRSA to address the housing quality standards.

AP-85 Other Actions – 91.220(k)

Introduction

Zoning and building and safety regulations can create barriers to affordable housing. To avoid barriers, the City has an on-going practice of updating its zoning code. The City has a zoning ordinance in place which opens up opportunities for different housing types. Specifically, it promotes attached housing, very small lots for single family homes, apartment development and units above commercial space. The City also conforms to standards set by the International Building Code (IBC), which is utilized through the State of Utah and the enforcement of IBC regulations does not create unique restraints on construction or rehabilitation in Ogden.

Actions planned to address obstacles to meeting underserved needs

Underserved needs in Ogden City have been determined as (1) Housing for large families, (2) Housing for persons with mental disabilities, (3) Housing for persons with physical disabilities, (4) Homeless transitional housing, (5) Household sustaining employment opportunities for low and moderate income households and (6) Business opportunities for low and moderate income investors.

Some of the obstacles contributing to these underserved needs are:

- Increase in demands for funding
- Low incomes and wages
- Limited supply of Section 8 vouchers
- Housing needs for extremely low income individuals exceeds the available supply
- Increased costs of construction
- Diminishing supply of land for development
- Challenges of redevelopment (land assembly, costs, adequate developers)
- Private, non-profit and government inability to keep up with growth of population in need
- Competing demands for public services

The city's HOME funds are geographically targeted to preserve and provide affordable housing stock city-wide but primarily targeted in the NRSA. By targeting rehabilitation efforts within low-income census tracts, the housing needs of Ogden's poorest residents are addressed. The Emergency Home Repair loan program, which is funded through CDBG, provides loans to low-income persons who cannot afford housing health/safety renovations. Applicant selection for this program is based on income eligibility. The Emergency Home Repair Program provides loans to qualified homeowners city-wide and is not geographic specific.

The rehabilitation and development of the Ogden City Central Business District and its' adjoining inner-city neighborhoods will provide the positive incentives necessary for attracting new businesses to Ogden. Jobs created/retained within the NRSA are presumed to benefit low-mod income persons. The goal for new business and economic developments will be to create household sustaining incomes for Ogden City residents while furthering the growth and fiscal health of the City.

To assist in homeless prevention, the City provides an incentive to encourage homeless persons to participate in the Service Prioritization Decision Assistance Tool (SPDAT). The SPDAT survey assesses the individual's vulnerabilities and helps identify those who are most in need of services, thus targeting resources to those most in need.

Actions planned to foster and maintain affordable housing

While the City can choose from a broad array of eligible activities in regards to the use of CDBG funds, more than 70% of the HOME and CDBG budget will serve to maintain and improve the quality of the city's supply of affordable housing. To this end, the Quality Neighborhoods program sets out to purchase, rehab and sell homes affordable to LMI households. These homes are often distressed housing units that need substantial work to bring them up to quality standards. The Emergency Home Repair Program will assist five low-income households make emergency repairs to their homes facilitating their ability to stay in their homes and remain owner-occupants. One hundred percent (100%) of the City's HOME funds will directly benefit low-to moderate-income households with housing. HOME-funded Own In Ogden down payment assistance program will assist 45 low- to moderate-income households purchase a home. One key service that helps educate people and prepare them to have a successful homeownership experience is the Homebuyer Education Class. Utah State University offers a homebuyer education class to Ogden residents. A homebuyer education class is required for all Own In Ogden participants. Participants may submit a receipt for the cost of the class to the City for reimbursement of the homebuyer education class when purchasing a home with Own In Ogden down payment assistance. 62% of the CDBG and HOME budget is allocated to foster and maintain affordable housing in Ogden's NRSA.

Actions planned to reduce lead-based paint hazards

The Quality Neighborhoods Program targets rehabilitation of older homes. Due to the age of the housing in Ogden's NRSA target area, it is presumed that lead paint is present, and work is performed to mitigate lead-based paint hazards. Work on these homes takes place while the homes are still vacant, eliminating the threat of lead-based paint exposure to homeowners. After the rehabilitation work is completed, using HUD safe work practices, a final lead-based paint inspection is conducted. A clearance report, as determined by HUD guidelines, is issued prior to marketing the home for sale to an income-eligible household.

Homes that are purchased with Own in Ogden down payment assistance are visually inspected for deteriorated paint surfaces that could present lead-based paint hazards. If a property is found to have deteriorated paint surfaces, identified thru a visual assessment, then surfaces must be tested for lead and treated according to HUD regulations, when participating with HUD-funded programs.

Actions planned to reduce the number of poverty-level families

The City itself is limited in the amount of support it can provide for anti-poverty efforts. Funding for social service activities is extremely limited. While the City is not the lead agency in broad-based anti-poverty efforts, it has a role in reducing poverty through support and collaboration with community efforts. Ogden Weber Community Action Partnerships received Community Service Block Grant and takes the lead on many anti-poverty programs in Ogden.

The ConPlan supports efforts to the goal of reducing poverty through employment and encouragement of economic growth and development. ConPlan objectives encourage the following strategies aimed at reducing poverty:

- Encourages appropriate growth by improving the competitiveness of existing businesses through loaning funds to small businesses.

- Transportation solutions for low-income persons – Utah Equitable Transportation Oriented Developments and Bus Rapid Transit lines in Ogden.
- Section 3 outreach and education.
- Develop recreation, aerospace, manufacturing, and technology industries.
- Create jobs by providing businesses access to capital.
- Encourage greater redevelopment activity in the City.
- Develop joint public-private investment strategies.

Redevelopment organizations have been created to promote economic development and implement redevelopment plans within the City – the Ogden Redevelopment Agency and the Local Redevelopment Agency. The creation of higher wage jobs for community residents is a top priority for these organizations.

The City will continue its economic development efforts and its partnerships with the Ogden-Weber chamber, Utah Hispanic Chamber, Downtown Ogden Inc., 25th Street Association, and local banks to attract new businesses and industries to Ogden, to retain existing businesses and industries, and to encourage their expansion. Because the creation of economic opportunities is not an isolated solution to alleviating poverty, the City will collaborate efforts with Ogden Weber Community Action Partnership (OWCAP) and Ogden Weber Technology College's (OTECH) YouthBuild when possible.

Section 3

Ogden City works toward providing local residents, to the greatest extent feasible, job opportunities and/or training, from HUD-funded projects. In partnership with Ogden Housing Authority, Ogden Weber Technology College's Youth Build Program, and Utah Department of Workforce Services, Ogden's Community and Economic Development Department promotes Section 3, which includes notifying low-income, public housing residents of job opportunities generated from HUD-funded programs and projects and provides preferences in HUD-funded programs and projects for Section 3 business in construction contracting opportunities. Ogden City's Quality Neighborhoods housing rehab contractors attend Section 3 training.

Microenterprise Loan Program - the CDBG-funded Microenterprise Loan Program provides funding to LMI Microenterprise owners with technical assistance resources to promote business success. City Staff worked with the Wasatch Front Regional Council, Suazo Business Center, and Ogden Weber Tech college to identify and better understand the challenges microenterprise owners confront. It was concluded that microenterprises and Minority Business Enterprises often lack the technical assistance and education needed to survive in these trying economic conditions. Subsequently, in the prior year, the City modified the City's Microenterprise Loan Program to offer technical assistance through qualified technical assistance Training Providers. Suazo Business Center will be the first Training Provider to meet the City's technical assistance standards and offer all services in both English and Spanish. The City has leveraged CDBG funding to increase the success rate of Minority Business Enterprises and LMI microenterprises owners.

Workforce alignment efforts continue with Ogden and Weber school districts, Weber State University, Ogden-Weber Tech College, Hill Air Force Base, and Utah Advanced Materials & Manufacturing Initiative. Contributions were made to new WSU Initiatives to create a Regional Workforce Development Plan and develop a Personnel Recruitment and Retention Program.

The Business Expansion & Retention (BEAR) program continues to support existing businesses in Ogden, including: Business visits and support services, HAFB Industry Day in Ogden for Aerospace & Defense industry Industry-specific roundtables for Outdoor Products and IT/Software Opportunity Zone educational material and seminar.

Proactive business recruitment efforts continue such as attending trade shows and conferences, responding to business requests for information, and leading site visits. Major recruitment events included: National Business Aviation Association Convention Shooting, Hunting, Outdoor Trade (SHOT) Show Site Selector Guild Annual Conference International Council of Shopping Centers RECon Paris Air Show.

Custom fit Training - Located in the Ogden-Weber Technical College (OTECH), which serves more than 6,000 students each year. OTECH offers hands-on technical education, with more than 300 technical skills courses in 40 employment categories. OTECH partners with industry to provide Custom Fit training for more than 200 employers each year and provides many of its students with internships and on-the-job training. The City leverages funding from OTECH's Custom Fit program to assist additional microenterprises.

The Mayor's STEM Initiative - The Business Development division works with Hill Air Force Base, Weber State University, the Ogden-Weber Applied Technology College, the Davis Applied Technology College, and the Ogden, Weber, and Davis School Districts, to identify the labor needs of our most important industry clusters and of Hill Air Force Base to fill the pipeline with competent professionals highly educated in science, technology, engineering, and mathematics. Our expanding aerospace, advanced materials, information technology, and software development industries require highly-skilled, highly-educated technology and engineering professionals.

Partnerships

The City will continue its economic development efforts and its partnerships with the Ogden-Weber chamber, Utah Micro Loan Fund, Utah Hispanic Chamber of Commerce, Business Loans Utah, Utah Center for Stabilization, Wasatch Community Funding, Downtown Ogden Inc., 25th Street Association, and Ogden Reinvestment Corporation to attract new businesses and industries to Ogden, to retain existing businesses and industries, and to encourage their expansion. Because the creation of economic opportunities is not an isolated solution to alleviating poverty, the City will collaborate efforts with Ogden Weber Community Action Partnership (OWCAP) and Ogden Weber Applied Technology College's (OTECH) YouthBuild when possible. In addition, Ogden City supports OWCAP's Volunteer Income Tax Assistance (VITA).

Actions planned to develop institutional structure

During the AAP FY23, the City will continue to strive to establish an institutional structure that maximizes the funding sources used for housing and community development needs as well as simplify the process involved in developing new housing, improving conditions of existing housing and creating jobs.

Through CDBG and HOME programs, the City collaborates with partners to deliver resources effectively. The City works toward:

- Strengthening existing public/private partnerships and creating new ones to implement programs and deliver services of all types.

- Promoting citizen participation in ConPlan planning processes.
- Utilizing the city's website to create an easy to access HUD-related information.
- Working with non-profit housing providers to address the housing needs of the low-mod income residents (i.e. Utah Housing Corporation, Utah Center for Neighborhood Stabilization (UCNS) Utah Non-Profit Housing Corporation).
- Partnering with non-profit organizations to fund and/or develop job creation and business development projects, such as Wasatch Community Foundation a Utah CDFI and Business Loans Utah (BLU).
- Working with City Departments/Divisions to complete HUD funded activities (i.e. street improvements and building inspections).
- Collaborating with social services providers to assist Ogden's low-income residents.
- Participating in the Weber county Charitable Trust Fund and Weber County Homeless Coordinating Council to support the efficient use of public funds that serve the homeless population.
- Supporting advocacy and planning activities with organizations whose primary mission relates to the housing for low- to moderate-income households.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Ogden is involved in many different committees and groups. These groups involve representatives from social service agencies, housing agencies both City and County Housing Authorities, and other community stakeholders. Committees and groups typically discuss the coordination of efforts to enhance the effectiveness of the committee or group's goals. The City will continue to support efforts through the participation in the following committees:

- Fair Housing Forum of Utah
- Regional Analysis of Impediments participating jurisdictions
- Ogden Housing Authority
- Ogden Weber Community Action Partnership
- Weber County Homeless Coordinating Council
- Weber County Charitable Trust Fund
- Wasatch Community Foundation
- Ogden Redevelopment Agency
- Coalition of Resources (COR)
- Council of Governments
- Wasatch Front Regional Council
- Weber Housing Authority

The City attends Coalition of Resources (COR) meetings. COR is a group of over 100 local agencies, for-profit and non-profit social service providers that meets monthly. The goal of COR is facilitating the efficient use of limited resources in administering social services. Each month COR participants share about the current services or events offered by their organization. In addition, one provider is selected to highlight the services they provide. The COR members pass on information to their clients. COR meetings have been a huge help in notifying the public about ConPlan programs and events.

Staff participation on local committees and boards involved in community development provides input on community needs and a means to work towards better coordination of services for low- and very-low income residents. Community and Economic Development (CED) staff serves on the board of the Ogden Housing Authority, (Ogden's public housing provider), Weber County Homeless Charitable Trust Fund Board, and Ogden Weber Community Action Partnership (OWCAP). OWCAP is the area lead provider for anti-poverty services and is a grantee of HUD's Community Service Block Grant program. The Community and Economic Development Department will continue to be involved in interagency efforts to strengthen the institutional structure for housing and economic development. Network through committees has worked to expand the City's public participation efforts.

Discussion

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction

The City anticipates that during a three-year certification period, July 1, 2020 to June 30, 2023, a minimum of 70% of CDBG funding will benefit low- to-moderate income (LMI) persons. CDBG regulations require that no less than 70% of its CDBG and CDBG-CV funding will be spent to benefit low- and moderate-income residents and that no more than 30% of its CDBG and CDBG-CV resources will be spent for urgent need or preventing / eliminating slums or blight. The City will continue its commitment to improve housing, neighborhoods and economic conditions in Ogden with no less than 70% of CDBG and CDBG-CV to benefit LMI persons and up to 30% to address urgent need as a result of COVID-19 Pandemic in Ogden or reduce and eliminate slums and blight. In addition, the city implements an **Urgent Need** certification to utilize CDBG and CDBG-CV to prepare for, prevent, or respond to COVID-19 pandemic.

All program income received before the start of the year has been expended or is programmed into the budget. The City does not have an urban renewal settlement and does not have float-funded activities.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	\$0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	70.00%

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The city does not plan to undertake forms of investment beyond those identified in 24 CFR 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

HOME Recapture or Resale Provisions: Ogden City maintains a Recapture provision to ensure the Period of Affordability in homeownership HOME-funded units. The amount subject to recapture is the Direct Subsidy. The Direct Subsidy also determines the Period of Affordability (see chart which follows). This is defined as any HOME assistance that enabled the home buyer to buy the dwelling unit. It also includes assistance that reduced the purchase price from fair market value to an affordable price.

**Table 1-1: Determining the HOME
Period of Affordability**

HOME Assistance per Unit or Buyer	Length of the Affordability Period
Less than \$15,000	5 years
\$15,000 - \$40,000	10 years
More than \$40,000	15 years
New construction of rental housing	20 years
Refinancing of rental housing	15 years

Throughout the affordability period, income-eligible households must occupy the HOME-assisted housing.

The Own in Ogden down payment assistance program, with loans under \$15,000, has a Period of Affordability of five years. If recapture is triggered, Ogden City will recapture the entire HOME investment loan amount upon sale, limited to net proceeds available at the sale. This recapture provision is discussed in section 24CFR92.254.a.5.ii.A.

Under the city’s recapture provision, HOME recipients may sell their housing unit at any time during the period of affordability, to any willing buyer, and at a price the market will bear. The City imposes the Period of Affordability by written agreement and by recorded lien. In the event of the sale of a HOME assisted property before the end of the affordability period, the total amount of the assistance will be recaptured. In the event that there are insufficient funds following a sale (voluntary or involuntary) during the period of affordability to satisfy the HOME investment, the City’s recapture amount will be limited to the net proceeds available (the sales price minus all other superior loan repayments and closing costs).

The city does not have subrecipients, therefore, no monitoring of HOME recapture for subrecipients is required.

The city does not plan to use a Resale provision for HOME assisted activities.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired

with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The Period of Affordability for Purchase/Rehab/Resale and New Construction projects may vary because the Direct Subsidy amounts will vary from project to project. The recapture provisions for the amounts represented by the Discount (the difference between the fair market value and the sales price), and any down payment loans (including Own-In-Ogden loans) provide for Ogden City to recapture the discount amount and loan amount upon sale. This provision is discussed at 24CFR92.254.a.5.ii.A.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

No multi-family refinancing activities that would involve HOME funds are anticipated to occur in Ogden during the fiscal year.

Discussion

Per 24 CFR 92.254, the purchase price and appraised value of HOME-assisted housing units may not exceed 95% of median purchase price for the city. Following HUD guidelines, Ogden City has completed its own housing market study and determined up-to-date HOME value limits (Appendix D). Specifically, the purchase price limit of \$361,000 for a single-family unit was calculated based on a median sales price of \$380,000 (i.e., $\$380,000 \times 0.95 = \$361,100$). Insufficient data was available for new construction. This figure is for both new construction and existing homes. Upon HUD's approval of AAP FY23, \$361,000 is implemented and incorporated in AAP FY23 as Ogden's new single-family value limit for HOME-assisted housing units. The attached sales data includes a count of 350 sales for February-April 2022 and only includes addresses within Ogden City boundaries. Please see Attachment D for additional information.

Throughout HUD funded programs, the Community Development Division utilizes a first-come first-serve basis for selection of beneficiaries. Applicants that meet program guidelines, underwriting standards and household income eligibility are selected on a first-come first-serve basis. All people are welcome to apply. The business loan programs also follow a first-come first serve basis for applicants that meet program guidelines and underwriting standards. The Special Economic Development Projects determines project selection by targeting to businesses in key industries and/or businesses located in the Central Business District, NRSA, airport, major corridors, Trackline EDA and the Business Depot of Ogden. In the selection of contractors hired for HUD-funded construction projects, Section 3 and MBE businesses are encouraged to apply and notified of contracting opportunities. For applicable HUD-funded programs, the city outreaches to Section 3 and MBE businesses during the solicitation process.

Applications and program guidelines are available at the city offices, Business Information Center and the city websites.

PUBLIC OUTREACH and CITIZEN COMMENTS

CITIZEN COMMENTS - March 13, 2022 Community Conversations (sponsored by LUPEC)

Please increase Own In Ogden limits to help with closing costs and down payment. Most of our clients would benefit greatly from this increase in order to purchase. – Prime Lending

Reason comment not accepted: Own In Ogden loan amounts were recently increased and are available July 1, 2022. The HOME value limit is set by HUD. In FY23, Ogden City proposes its own housing market study which will increase the HOME value limit.

Own In Ogden Program should increase purchase limits, there are no more homes at \$294,000. – Rocio Robledo.

These are all absolutely fantastic programs to help lower income individuals. Also, these programs are great for our entire community with repair options. I am thrilled to see support for mortgages for teachers, police and fire fighters. – Ogden Resident, Representative Rosemary Lesser.

My name is Edith Vargas. I am very appreciative with the Ogden City Program, because it has helped me to grow. It has provided a lot of information to keep our small business active and I would like, in the not so distant future, to be able to get another loan from them [BIC] to open a new business. We got a loan in 2019. It is easy to work with the city, join their program and get additional information.

My name is Eulogio Alejandro and I am the Chair of Latinos United Promoting Education and Civic Engagement (LUPEC). I've been in Ogden since 1977. I highly support our city making home improvement programs available using federal funds. Our community needs affordable housing and affordable means to fix problems with their homes.

My name is Flor Lopez, I'm very impressive with all the support for small businesses and individuals given by Ogden City. I am a little concern about the Teaching Assisting program offered by Ogden City with Suazo center, in base for the income guidelines, I was thinking probably do it more friendly and less requirements for the applicant.

Reason comment not accepted: Income limits are set by HUD and the City is unable to adjustment. The Microenterprise Technical Assistance is new to Ogden City, the City will adjust the program to increase user friendliness and streamline the application process.

Homeownership is vital for minority communities in order to be invested in their City. Any programs that can facilitate this goal should help cement this goal. -Angela Urrea, LUPEC

CITIZEN COMMENTS – Email April 15, 2022

Developing communities through athletics is a fun and exhilarating endeavor. The Marshall N. White Community Center should house a non-profit HUD Advocate space, as well as five spaces for LMI micro-enterprises available. Advocates would ensure that partnerships with neighboring cities are created & border boundary issues (like in North Ogden) are filled to the edges with affordable housing.

Competitive greatness for all, is reaching and surpassing the goals and strategies of Housing and Urban Development. Ronald W. White, White Real Estate Investments.

Reason Comment not accepted: Ogden City is in the process of developing concepts, plans and funding for the Marshall White Center.

Announcement of Public Comment period in English and Spanish posted to Ogden City website

AVISO DE DISPONIBILIDAD PARA REVISIÓN PÚBLICA Y PERÍODO DE COMENTARIOS PÚBLICOS DE 30 DÍAS PARA LA CIUDAD DE OGDEN PLAN DE ACCIÓN ANUAL 1 DE JULIO DE 2022 AL 30 DE JUNIO DE 2023

Este aviso anuncia la disponibilidad del Plan de acción anual del 1 de julio de 2022 al 30 de junio de 2023 (AAP) para revisión y la oportunidad de comentarios de los ciudadanos. Como parte del proceso de planificación para la financiación de HUD, el Departamento de Vivienda y Desarrollo Urbano (HUD por sus siglas en Inglés) de los EE. UU. requiere que la ciudad de Ogden prepare un Plan de acción anual para el uso de los fondos federales recibidos para fines de vivienda y desarrollo comunitario. AAP FY23 es el plan de implementación para el tercer año del Plan Consolidado de Cinco Años de la Ciudad (2020-2025). El ConPlan es el vehículo principal de la ciudad para identificar y priorizar las necesidades y estrategias de vivienda, desarrollo comunitario y desarrollo empresarial. AAP FY23 está disponible para un período de comentarios y revisión pública de 30 días que comienza el 10 de abril de 2022 y finaliza la medianoche del 9 de mayo de 2022. Los ciudadanos pueden ver el documento borrador completo y comentar en el sitio web: <http://HUDConplan.ogdencity.com>.

El AAP FY23 incluye asignaciones de derechos de HUD, estimaciones de financiamiento anticipado y usos propuestos de fondos, así como un resumen de necesidades, recursos y estrategias de vivienda y desarrollo comunitario. Appendix C - Priority Objectives, Programs and Goals Summary Matrix

Ogden City Five Year Consolidated Plan 2021-2025 AAP FY2023 Programs and Goals Matrix

Priority Objective 1: IMPROVE THE QUALITY AND INCREASE THE SUPPLY OF DECENT AFFORDABLE HOUSING

1.1 Quality Neighborhoods – Rehabilitate housing units and construction of new housing to upgrade existing housing stock to alleviate conditions of blight and provide quality and affordable housing opportunities.

The Quality Neighborhoods - Rehab/Resale Program is designed to be flexible to address the specific needs for revitalization of blocks located in Ogden, with specific priority in the NRSA. The City purchases vacant or dilapidated housing units, HOME and/or CDBG funds are used to rehabilitate the housing unit. Activities may be undertaken with private or nonprofit partners including CHDO partners. Eligible applicants for purchase are low-moderate income households (up to 80% of Area Median Income) who will qualify for purchase financing, and who will occupy the home as a primary residence. Homes are sold on a first come first served basis. Homes are priced to be affordable to low- to-moderate income households. NRSA regulations also provide for a limited amount of home buyers with incomes in excess of the low-moderate income limit to purchase Quality Neighborhoods rehabilitated homes.

1.2 Emergency Home Repair Program (EHRP) – Enable low-income homeowners to stay in their homes.

Description: The Emergency Home Repair Program improves the quality of housing units and extends the life of the properties while contributing to overall improvement of the neighborhood. The emergency assistance alleviates threatening conditions that could force the owner occupants into homelessness because of impending conditions such as electrical and plumbing hazards, failure of the heating system, fire hazards, structural failure, and/or natural disasters. The program is available to all program-qualified low-income (up to 50% Area Median Income) owner-occupied property owners within the city limits of Ogden. Maximum loan amount is \$5,000. Loans are due on transfer of ownership.

1.3 Infill Housing – Increase the supply of decent affordable housing.

New homes built on a parcel subdivided for housing development where the number of units typically exceeds ten. Activities are defined and approved in the Annual Action Plan planning process. Activities may be undertaken with private or nonprofit partners including CHDO partners. A HOME-funded projects may include eligible activities, such as, new construction, acquisition, demolition, relocation, and soft costs. CDBG-funded activities in support of, but not subsidizing or assisting, construction of new low- to- moderate-income housing including clearance, site assemblage, provision of site improvements and the provision of public improvements and certain housing pre-construction costs. Eligible applicants for purchase are low- to-moderate income households (up to 80% of Area Median Income) who will qualify for purchase financing, and who will occupy the home. Homes are sold on a first come first served basis. NRSA regulations also provide for a limited amount of NRSA home buyers with incomes in excess of the low- to-moderate income limit.

HOUSING MARKET STUDY - METHODOLOGY

- Analysis conducted according to 24 CFR 92.254(a)(iii)
- Objective: determine 95% of the median area purchase price for single family housing in Ogden
- Prices to be determined for different types of single-family housing
- Single Family Housing defined in 24CFR92.2 means a one-to four-family residence, condominium unit, cooperative unit, combination of manufactured housing and lot, or manufactured housing lot.
- Combined existing and newly constructed housing as new housing numbers are too low to be significant.
- Sales data reflects nearly all one-family house sales in Ogden. Source: Wasatch Front Regional Multiple Listing Service (MLS)
- Sales over the requisite number of months
 - Volume is less than 250 per month
 - Single Family & Condominium: Analysis over a 3-month reporting period, date range 3/1/22 – 5/31/22
 - Manufactured Housing, Duplex, Triplex, Fourplex: 1-year history May 2021 to May 2022 generates sufficient number of sales
- Sufficient number of recent housing sales. Refer to summary chart.
- Property Data
 - MLS#, Address, Property Type, Year Built, Sold Date, Sold Price
- Median Value for each housing type
 - MLS sold data sorted by housing type
 - Sales ranked from lowest sales price to highest
 - Median is the middle value if an odd number of sales, or the highest of the two middle numbers if and even number of sales.
 - Home Affordable Homeownership Limits. Calculate 95% of Median for each housing type.
