Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

Annual Action Plan FY July 1, 2023 – June 30, 2024 (AAP FY24) is the fourth year implementation plan of the Five Year Consolidated Plan 2020-2025 (ConPlan). The ConPlan is a strategic planning document that provides the framework for the City in targeting the critical but limited federal resources to the highest priority needs. The City encourages citizen participation and citizen input was encouraged during the development of this plan and throughout the ConPlan planning process.

AAP FY24 Amendment #1

The purpose of AAP FY24 Amendment #1 is to: 1) Adopt the HUD 2023 HOME Homeownership Value Limits (page 55); 2) Increase the Own In Ogden HOME budget by \$250,000 HOME and the addition of \$100,000 HOME Match funds to the Own In Ogden budget and increase Own In Ogden program’s goals to 50 down payment assistance loans; 3) Adopt a one-year (July 1, 2023 – June 30, 2024) CDBG overall Low- and Moderate-Income Benefit Certification Period (page 52); and 4) Approve an AAP FY24 HUD budget overall decrease of \$34,385 (page 20). AAP FY24 Amendment #1 also includes updates to citizen participation, public notice, and Lead Based Paint (LBP) remediation efforts update (pages 14 and 47).

AAP FY24 describes the City’s sources and details the uses of certain federal grant funds from the U.S. Department of Housing and Urban Development (HUD) including Community Development Block Grant (CDBG), Community Development Block Grant from the CARES Act (CDBG-CV), Home Investment Partnerships Grant (HOME) and Home Investment Partnerships Grant from the American Rescue Plan (HOME ARP) funds. AAP FY24 outlines activities that will be undertaken during the program year beginning July 1, 2023 and ending June 30, 2024. CDBG, CDBG-CV, HOME and HOME ARP projects and funding allocations are developed from strategies and priorities identified during the planning process. AAP FY24 describes how CDBG, CDBG-CV and HOME Grant funds will be used in the coming year to address the priority needs and local objectives established in the ConPlan. The City implements a Neighborhood Revitalization Strategy Area (NRSA) which focuses resources in a planned strategy to assist distressed neighborhoods including Racially Concentrated Areas of Poverty (RCAP) in Ogden City. The NRSA was adopted during the ConPlan process. AAP FY24 continues that strategy forward.

Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

OGDEN CITY PRIORITY OBJECTIVES

DECENT AFFORDABLE HOUSING OBJECTIVES

1. Improve the quality and increase the supply of decent affordable housing.
2. Expand homeownership opportunities for Low to Moderate Income (LMI) residents.
- 3.

CREATE SUITABLE LIVING ENVIRONMENT OBJECTIVES

1. Improve the physical safety and appearance of neighborhoods.

EXPAND ECONOMIC OPPORTUNITIES ANNUAL OBJECTIVES

1. Create greater access to capital.
2. Stimulate economic growth.

GOALS AAP JULY 1, 2023 – JUNE 30, 2024

DECENT AFFORDABLE HOUSING GOALS

- Complete the rehabilitation of six single-family affordable housing units.
- Fund 5 emergency home repair loans for low-income households to make urgent repairs to single-family housing units.
- Help fifty low- to moderate-income (LMI) households qualify to purchase a home by providing down payment assistance. – **Updated AAP FY24 Amendment #1**
- Assist a Community Housing and Development Organization (CHDO) with the completion of one housing project every other year, which develops housing units for LMI households in the NRSA. In the program year, assist the CHDO in completing a LMI housing project.

CREATE SUITABLE LIVING ENVIRONMENT GOALS

- Improve neighborhood safety and aesthetics by completing one public improvement project every other year.

EXPAND ECONOMIC OPPORTUNITIES ANNUAL GOALS

- Stimulate business growth, economic expansion through a wide range of Special Economic Development projects (including the city's development of underutilized commercial property, or through financial assistance to for-profit businesses, or to eliminate blight or to create or retain jobs). Completing one project every other year.
- Stimulate economic growth and create greater access to capital by providing direct financial and/or technical assistance to ten micro-enterprises.
- Create/retain eight Full-Time Equivalent (FTE) jobs by providing funds to small businesses to start-up or expand a business in Ogden.
- Create/retain five Full-Time Equivalent (FTE) jobs by providing funds to small businesses to respond to, prepare for, and/or mitigate the impact of COVID-19 pandemic.
- Direct financial assistance to five LMI microenterprise business owners to respond to, prepare for, and/or mitigate the impact of COVID-19 pandemic.
- CDBG funds may be used to build lending capacity for targeted projects.

Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

An evaluation of past performance is summarized annually in the Consolidated Annual Performance and Evaluation Report (CAPER), which demonstrates the City's performance in administration of the Community Development Block Grant (CDBG) and HOME Investment Partnerships Grant (HOME). As

noted in Ogden's Program Year 2022 CAPER last fall, the City's efforts to meet its Annual Action Plan July 1, 2021 to June 30, 2022 and Consolidated Plan goals and objectives were generally successful, especially in view of changing economic conditions, the effects of COVID-19 pandemic, housing market changes, the quick recycling of HOME program Income and general budgetary constraints. The City analyzes past performance to ensure and increase the effectiveness of its funding allocations.

In the past fiscal year, the City evaluated the AAP programs' performance and the needs of the community. As a result, with an increased demand for financial assistance from local businesses the city removed funding for the Business Information Center and budgeted those funds to Microenterprise Assistance and Small Business Loan Programs.

Ogden City strives to meet or exceed the goals stated in the Consolidated Plan and Annual Action Plans. The City works to obligate and disburse its CDBG funds in a timely manner. The City met the May 1, 2022, timeliness test for CDBG spending and has implemented a spending plan to ensure compliance is maintained. The City is on track to meet the May 1, 2023 CDBG timeliness test. The City proposes to provide 100% overall benefit in FY24 to low- and moderate-income persons, meeting the 70% minimum regulatory requirement.

Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Public participation is an essential part of the ConPlan and Annual Action Plan planning processes because it helps ensure that decisions are made with careful attention to community needs and preferences. Moreover, the input of stakeholders and community members generates additional public awareness about the City's HUD-funded programs and projects. Involvement allows more perspectives to be considered during the decision-making process.

The City's public participation efforts include: 1) holding public meetings often with a Zoom option; 2) attending a variety of community groups and events by Zoom and/or in person for the purpose of AAP outreach; 3) dedicating a page on the city's website to the ConPlan that provides a convenient way for residents to receive information and make comments (<http://HUDConplan.ogdencity.com/>); 4) sending AAP information to residents by newspaper, website, and/or water bill insert; 5) outreach to residents and organizations in low- and moderate-income areas; 6) posting notices of public hearings at city offices, and Utah State website; 7) posting draft documents at city and county housing authority offices; and 8) outreach to the Hispanic population, and the Citizen Advisory Committee (CAC) met March 16, 2023 during the AAP planning process. The CAC meetings provided a forum for discussion, input and recommendations of community development activities.

The City encouraged and accepted public comments throughout the entire Consolidated Plan process; and through the AAP FY24 planning process that ended at the end of the required thirty-day public comment period (April 9, 2023 – May 8, 2023). The website allows for easy online comments to be made by the click of a mouse. Ogden City Community Development Division considers all comments. If a comment received is not appropriate for HUD-funded programs or Community Development efforts, the comment may be forwarded to the appropriate city department for their review and/or implementation. Public comments received are submitted to City Council.

Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

Introduction

During the development of AAP FY24, the City consulted with public and private entities, which including the Weber-Morgan Local Homeless Coordinating Committee (WMLHCC), the local lead agency for the Balance of State HUD Homeless Continuum of Care (COC), the Weber County Charitable Homeless Trust, Ogden Housing Authorities, Weber Housing Authority, Utah Department of Transportation and Wasatch Regional Council.

Also, Ogden City’s Community and Economic Development (CED) Departments’ Citizen Advisory Committee (CAC) participated in the development of AAP FY24. CAC comments were received and incorporated into the plan.

The process for the preparation of this Annual Action Plan included consultation with the following organizations:

- Utah Microenterprise Loan Fund
- Weber State Small Business Development Center
- Weber Area Council of Governments
- Weber County Homeless Charitable Trust
- Wasatch Front Regional Council
- Weber County Prosperity Center of Excellence
- Ogden Weber Community Action Partnership
- Ogden School District
- Suazo Center
- Weber Housing Authority
- Ogden Housing Authority
- Ogden Community Action Network (OgdenCAN)
- Utah Non-profit Housing Corporation
- Weber Human Services

Partners were encouraged to alert their clients and program beneficiaries that an important planning process was being undertaken and encouraged active participation by beneficiaries.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

- Ogden City Community and Economic Development Department (CED) - CED’s Citizen Advisory Committee reviews ConPlan programs and makes recommendations to the Mayor and City Council about ConPlan programs and funding levels. It includes representatives from service providers, education, stakeholders, community leaders and city staff.
- Ogden City will continue to seek out opportunities to strategize with a variety of groups to address short-term and long-term community needs.

- City Staff worked with the Suazo Business Center, and Ogden Weber Tech college (OTech) to identify and better understand technical assistance deficiencies for microenterprises and Minority Business Enterprises in Ogden City.
- City staff has consulted with Suazo Center to improve outreach to the Spanish-speaking community, Ogden’s largest English-as-Second- Language population.
- Own In Ogden staff conducted outreach and met with local lenders and realtors to identify partnership opportunities in assisting LMI homeowners obtain funding to buy a home in Ogden and conduct a Housing Market Study.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Ogden City strategizes with and participates in and holds a voting seat on the Weber County Homeless Coordinating Council’s (WCHCC) Executive Committee. The WCHCC is the local Continuum of Care (COC) collaborative applicant, coordinates the efforts of organizations that provide services to the homeless and other special populations for Emergency Shelter Grant (ESG) programs and coordinates groups that serve the HIV/AIDS population with HOPWA funding.

- The local Continuum of Care process involves the agencies and programs that receive funding from the U.S. Department of Housing and Urban Development (HUD), and does the following:
 - Assesses capacity and identifies gaps in homelessness services,
 - Evaluates outcomes achieved by funded programs, in comparison to both local and national benchmarks,
 - Proactively develops improvements and solutions to systemic issues,
 - Works to implement HUD priorities and community priorities to end chronic homelessness in Utah,
 - Facilitates the allocation of funding to homelessness provider agencies,
 - Serves as an inclusive vehicle to promote best practices,
 - Utilizes the Service Prioritization Decision Assistance Tool (SPDAT) to identify those most in need of service and help prioritize time and resources,
 - Homeless justice court at the Lantern House homeless shelter,
 - City-funded homeless outreach and advocate specialist,
 - Facilitates access to mainstream resources and services for the homeless, and
 - Works to develop best practices to assist homeless persons directly.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The State Homeless Coordinating Committee provides oversight and approves allocations of funding for providers of homeless services. The committee ensures that services provided to the homeless are utilized in a cost-effective manner and works to facilitate a better understanding of homelessness. Programs are devoted to emergency housing, self-sufficiency, placement in employment or occupational training activities, special services to meet unique needs of the homeless with mental illness and those who are

part of families with children. Contracts are awarded to providers based on need, diversity of geographic location, coordination with or enhancement of existing services, and the use of volunteers.

In 2021, Utah Homelessness Council was enacted by law UT 347. Ogden Mayor, Michael Caldwell, holds a voting seat on the Council. In cooperation with the Homelessness Coordinator, Wayne Niederhauser, the Council is responsible for developing and maintaining the homeless services budget, developing and maintaining the strategic plan, reviewing applications and approving funding for the provision of homeless services. Funding for homeless services comes from multiple state and federal sources. In addition, the Council is responsible for the review of local and regional homelessness plans.

The Weber Morgan County Homeless Local Coordinating Council WMCHLCC provides coordination of services to the Continuum of Care and its membership to ensure the goals and outcomes established for the Emergency Solutions Grant Program and other special needs housing programs meet the needs of the community. In addition, the WMCHCC is the Homeless Management Information System (HMIS) lead for Ogden City. The WMCHCC organization administers the HMIS for the county and sets a uniform standard for all agencies to gather information for HUD reporting and local homeless strategies. All Weber County HUD-funded Emergency Shelter Grant (ESG) organizations enter information into the HMIS system.

Ogden City does not apply for or receive Emergency Shelter Grant (ESG). City staff engage with agencies and organizations who are members of the local Continuum of Care on an on-going basis throughout the program year, including participating in the WMCHCC.

Ogden City staff attends online web training to help find solutions and learn how other communities have been effective in the COC.

The goal is to reduce the number of childhood lead poisonings within Ogden’s census tracts that have three times a higher rate of children under six years of age with confirmed EBLLs than the WMHD District of State of Utah. |

Identify any Agency Types not consulted and provide rationale for not consulting.

Efforts were made to consult with as broad range of agencies as possible; no agency types were specifically excluded from the consultation process.

Other local/regional/state/federal planning efforts considered when preparing the Plan

| Name of Plan | Lead Organization | How do the goals of your Strategic Plan overlap with the goals of each plan? |
|---|---|--|
| Community Assessment & Strategic Plan 2019 (Plan) Weber County Homeless Plan | Weber Morgan County Homeless Coordinating Committee (WCHCC) | The City continues to strategize with WMCHCC. The Plan’s goals coordinate with the city’s ConPlan goals: Identify the scope of the homeless problem in Weber County, Prioritize service needs, Identify the service gaps, Develop strategies to eliminate gaps in service, Enhance service integration, interagency collaboration and effective service coordination. |
| Quality Neighborhoods Initiative | Community and Economic Development Department | The Quality Neighborhoods Initiative is the City’s plan to stabilize and revitalize Ogden’s neighborhoods as “neighborhoods of choice” by establishing a pattern of public investment that catalyzes desirable and appropriate community development. In redeveloping neighborhoods, creating this investment environment involves building on the bright spots that exist within the neighborhood while removing impediments to investment. This plan is a framework of implementation of the ConPlan’s housing programs. |
| Wasatch Choice Regional Vision | Wasatch Front Regional Council | Wasatch Choice envisions transportation investments and inter-related land and economic development decisions that achieve desired local and regional outcomes. The strategic plan selects areas for public improvements that are enhancing areas already in redevelopment or areas that are in need of redevelopment, thereby eliminating duplication of efforts and selecting projects with the greatest local impact. |
| Community Investment Framework | Ogden City Redevelopment Agency | The ConPlan and Community Investment Framework both identify community needs and target resources to encourage and assist homeowners and private enterprise to invest in Ogden’s neighborhoods and to identify and pursue development activities that will support and sustain Ogden as an attractive and vibrant place to live and work. |
| Involve Ogden General Plan and Community plans | Ogden City Planning | The General Plan and Community Plans create a vision for future development activities. The planning process provides an opportunity for residents and stakeholders to participate in creating a vision for the future and sharing their ideas. ConPlan activities are selected to align with these city plans. |
| Make Ogden Downtown Master Plan | Ogden Community & Economic Development Department | Make Ogden Downtown Master Plan provides a roadmap for future development and public infrastructure implementation in the downtown core that will foster new development activity and amenities. ConPlan goals provide support to the community and are in line with the overall vision of Make Ogden as a vibrant community. |
| Utah State HOME American Rescue Plan | Utah State Office of Homeless Services | The City consulted with Utah State Office of Homeless Services to coordinate HOME ARP funding and projects. |

AP-12 Citizen Participation – 91.105, 91.200(c)

Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting.

AAP FY24 Amendment #1

Ogden City's Community and Economic Development Department's Citizen Advisory Committee (CAC) met September 21, 2023 to review AAP FY24 Amendment #1, which includes budget, HOME Homeownership Value Limits increase, CDBG overall Low- and Moderate-Income Benefit Certification Period and Own In Ogden budget and goals adjustments. The CAC's recommendations were incorporated in the final document. Other outreach efforts included staff attended the Coalition of Resources (COR) a network of local community service providers, and Ogden Housing Authority's Resident Advisory Board to announce the City's plan to adopt Amendment #1 to the AAP FY24, solicit comments regarding budget and program changes.

AAP FY24

Ogden City recognizes the importance of citizen participation in the development and execution of Annual Action Plan FY 2024. During the AAP planning process, the City followed its Citizen Participation Plan. The Community and Economic Development Departments (CED) Citizen Advisory Committee (CAC) met on March 16, 2023 to review the AAP and make recommendations to City Council for the adoption of the AAP FY24. The city presented a summary of the Annual Action Plan FY24 proposed funding strategy and proposed programs before the Coalition of Resources (COR), and Ogden City Diversity Commission, and Weber County League of Women Voters. Citizens had the opportunity to provide input to the AAP. During the 30-day public comment period, citizen comments are forwarded to city council, which are considered in goal setting.

April 4, 2023, City Council held an in-person work session with the option for the public to view virtually. A notice describing the AAP FY24, AAP FY24 budget and how to review the AAP FY24 was published in the Standard Examiner on April 8, 2023. City Council held an in-person (and virtual option) Public Hearing May 9, 2023 to review and accept public comments for AAP FY24 by Zoom and Facebook Live with the option for real-time captioning for the hearing impaired and Spanish translation available. Ogden City Council held a public hearing, which provided the option for virtual participation, increasing the opportunity for public participation. Ogden City Council approved the Annual Action Plan May 9, 2023.

- The City Staff attends Coalition of Resources (COR) meetings. COR has over 100 members with representatives from various for-profit, non-profit, mental health and services agencies, assisted housing partners and public agencies that provide services to Ogden residents. Monthly meetings provide an opportunity for service providers to collaborate and coordinate to efficiently use community resources, reaching a wide range of citizens.
- Staff presented AAP information to Ogden Diversity Commission March 8, 2023. The City's Diversity Commission is meant to give a meaningful municipal voice to groups that have been traditionally underrepresented in Ogden — blacks, Latinos, women, members of the LGBTQ community, college students, seniors and several others.
- Staff presented AAP info to the Suazo Center and OgdenCAN Spanish-speaking participants. Live in-person Spanish translator assisted in presenting AAP FY24 information.

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

AAP FY24 Amendment #1

The purpose of this Amendment #1 is to revise the AAP FY24 HUD Budget carryover from estimates to actual carryover amounts, allocation of HOME Match to meet the HOME Match requirements for the program year and to update program income estimates for Fiscal Year 2024. AAP FY24 Amendment #1 proposes an overall decrease to the HUD AAP FY24 budget; with adjustments affecting CDBG, CDBG-V and HOME and HOME Match Budgets, for a total HUD overall budget decrease of \$34,385. The Own In Ogden program budget will increase to \$500,000 HOME and \$100,000 HOME Match and goals will increase to 50 down payment assistance loans.

Annual Action Plan July 1, 2023 – June 30, 2024 (AAP FY24)

The City of Ogden receives federal funds through the U.S. Department of Housing and Urban Development (HUD) on an annual basis. Allocations of funds for the 4th program year of the Five Year Consolidated Plan (ConPlan) are consistent with ConPlan strategies and goals.

LEVERAGING

The City utilizes several approaches to leveraging CDBG and HOME funds HUD funds. The City has collaborated with Synchrony Bank to leverage private dollars to rehabilitate Ogden's distressed and vacant housing and a private line of credit for construction of new single-family housing units. Target Area Public Improvements projects may include City General Funds for infrastructure development leveraging

CDBG funds. In partnership with Utah Non-profit Housing Corporation (UNPHC), the City staff and UNPHC strategize, and the city contributes CHDO funds to provide funding for affordable housing unit rehab or development in Ogden. The Home Exterior Loan Program (HELP) utilizes City General Funds to rehabilitate housing city-wide without income or geographic restrictions. Private and general fund resources leverage Ogden’s CDBG and HOME housing projects.

Ogden City is in partnership with the Utah Center of Neighborhood Stabilization (UCNS) to develop Utah Equitable Transit Oriented Development (UETOD) projects in Ogden. The Wasatch Front Regional Council consortium created a (UETOD loan fund to help craft the structure, size, operation and conditions of a TOD funds, that once established would provide incentives for development around public transit stops. The Mission of the fund is to provide affordable housing, both homeownership and rental, within one half mile of high-capacity transit and/or high frequency transit that meets housing needs for households earning less than 80%, with a priority given to developers targeting 50% or below of area median income (AMI). One UETOD project completed in Ogden and Ogden City is working with UCNS to identify future project sites and funding.

The Special Economic Development Projects Program typically provides CDBG funding to projects that bring in a variety of financial resources to implement large-scale projects in Ogden that create/retain jobs and stimulate the economy. Ogden City’s business loan programs provide loans to small and microenterprise businesses in Ogden, which often do not qualify to receive traditional financing. Businesses that do not yet qualify for traditional financing may gain access to capital.

Amendment #1 – Ogden City no longer qualifies for HUD HOME Match waiver allocated to fiscally distressed municipalities, as the city’s poverty rate has dropped nearly 3% and the Per Capita Income grew by 45%. Ogden City will utilize non-federal, city tax-revenue housing fund to meet the HOME Match obligation. The City will provide a 25% match to all HOME Entitlement project funds drawn during the year. HOME Administration and Community Housing Development Organization (CHDO) project are exempt from HOME Match requirement.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

Ogden City purchased the following single-family properties and began the substantial work needed to bring the homes up to quality housing standards. These homes are underway at the start of the program year and renovations are expected to be complete by June 30, 2024. These homes will be sold at HUD’s required HOME fair market value to Low- to Moderate-Income (LMI) households.

Discussion

American Rescue Plan Act of 2021 awarded Ogden City \$1,652,923 of HOME Investment Partnerships American Rescue Plan Program (HOME-ARP) grant funds to assist individuals or families who are homeless, at risk of homelessness, fleeing domestic violence, and populations with the greatest risk of housing instability, as well as veterans within any of the qualifying populations. Ogden Housing Authority (OHA) has been awarded a contract to administer, under a subrecipient agreement, Tenant Based Rental Assistance (TBRA) and supportive services to HOME ARP eligible homeless persons. It is anticipated that \$1,626,934 HOME ARP funding will carryover to FY24.

Of the \$769,644 CDBG-CV funds available in FY2023, the City will carryover approximately \$585,168 of CDBG-CV funds to FY2024.

AP-35 Projects – 91.220(d)

Introduction

The City’s allocation strategy is based on priorities contained in the ConPlan, approved by the City Council and HUD in 2020. These priorities are summarized in each ConPlan section (Housing, Homelessness, Anti-Poverty Strategy, Community Development, etc.). Community characteristics and needs are assessed to determine the most effective uses for HUD entitlement funding. In accordance with statutory regulations, over 70% of the City’s CDBG activities will assist very-low to moderate-income persons. Up to 30% may fund activities that address an urgent need as a result of COVID-19 pandemic. In allocating funds, the CED strives to balance several fiscal strategies: ●Availability of CDBG and HOME funds. ●Public input and recommendations. ● Overall City Administration and City Council goals and priorities. ● Given limited resources, maintain levels of performance to programs that continue to perform well and serve the community. ●Viability of the project. ●Additional available resources. CDBG funds AAP FY24 are targeted to meet the needs of very-low-income to moderate-income residents. CDBG-CV are to assist businesses mitigate the impact of COVID-19. HOME funds can only be used to address eligible LMI housing activities, including down payment assistance, single-family housing rehabilitation, and new housing construction projects. HOME ARP funding is limited to fund activities that provide homelessness assistance and supportive services through several HOME-ARP defined eligible activities.

Table 5 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocation of funding for the AAP FY24 projects has been determined based on overall priority needs identified in the ConPlan process. Analysis of data, consultation with stakeholders, public input, and study of Ogden’s Strategic Plan and Housing Market Study contributed to establishing these priority needs. Other considerations in determining funding allocation included the ability to leverage additional funding sources with HUD funds and the availability and readiness of upcoming activities to ensure timeliness thresholds are met.

The city's HOME and CDBG funds are geographically targeted to preserve and provide affordable and quality housing stock in the Neighborhood Revitalization Strategy Area (NRSA). HOME and CDBG funds are used to rehabilitate distressed homes citywide, with priority targeting within the NRSA. By targeting new housing development and housing rehabilitation efforts within NRSA census tracts, the city is improving housing and increasing mixed-income housing options. The Emergency Home Repair loan program, funded through CDBG, provides loans to low-income persons who cannot afford health/safety housing renovations. Applicants are selected for this program based on income eligibility. The Emergency Home Repair Program provides loans to qualified homeowners city-wide and is not geographic specific.

The City's economic development CDBG funds are targeted for the development of the Central Business District, NRSA, airport, major corridors, Trackline EDA, and Business Depot of Ogden and businesses in key industries. The goal for new business and economic development activities will be to create household sustaining incomes for Ogden City residents while furthering the growth and fiscal health of the City. Jobs created/retained within the NRSA are presumed to benefit low-mod income persons. CDBG for economic development can be used city-wide to address needs as they arise in developing, stagnant or troubled areas of the city.

Some of the obstacles contributing to these underserved needs are:

- Lack of funding to meet the housing needs of very low-income households.
- Increased costs of construction
- Diminishing supply of land for development
- Challenges of redevelopment (land assembly, costs, adequate developers)
- Private, non-profit and government inability to keep up with growth of population in need
- Competing demands for public services
- High unemployment

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed.

Quality Neighborhoods projects and CHDO projects, which include housing rehabilitation and new construction are targeted to the NRSA or to East Central neighborhood inside the NRSA but may be city-wide. **The Own In Ogden** down payment assistance program is available city-wide on a first-come, first-served basis, to assist LMI households in purchasing a home. The **Emergency Home Repair Program** is available city-wide to eligible low-income homeowners at or below 50% Area Median Income (AMI) on a first-come, first-served basis. The Own In Ogden Program and Emergency Home Repair program benefits individual households and are not targeted to specific areas, but instead are provided on the basis of household income and need. In addition, financial assistance to Utah Non-Profit Housing Corporation, a certified **CHDO**, is generally available city-wide with targeting to affordable housing projects within the NRSA. The City targets resources to the NRSA. The City has identified neighborhood census tracts that have 51% or more residents who are Low- to Moderate-Income (LMI). These census tracts are referred to as CDBG Strategy Area and overlaps the NRSA census tracts but extends beyond the NRSA to other LMI neighborhoods. **Target Area Public Improvement Projects** (i.e., street improvements, trees, lighting and sidewalks improvements, etc.) are targeted to specific locations within the CDBG Strategy Area which are deemed by City Council, City staff and/or from public input to be most in need of revitalization or public investment while addressing the City's strategies and goals.

Business Development provides several CDBG and CDBG-CV funded loan programs that are available city-wide with targeting to businesses in key industries and/or businesses located in the Central Business District, NRSA, airport, major corridors, Trackline EDA and the Business Depot of Ogden.

Accordingly, resources available in this Annual Action Plan will be geographically targeted, whenever possible, to benefit as many low- and moderate-income residents as possible.

| NEIGHBORHOOD REVITALIZATION STRATEGY AREA (NRSA) | 69% |
| CDBG STRATEGY AREA | 13% |
| OGDEN CITY-WIDE | 18% |

Table 7 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City encourages development of affordable housing in areas of the city that will benefit residents and not perpetuate concentration, exclusion or segregation. In order to generate the greatest impact from declining entitlement funds, the City will focus efforts in the NRSA.

The City has identified areas of the city that are eligible for resource allocation under the Community Development Block Grant (CDBG) and HOME programs on an area basis. The allocations of funds to the

CDBG Target Area is designed to support actionable, high-impact infrastructure, housing and other development projects that build on Ogden's downtown employment centers and when possible have additional funding committed from other resources. Targeting and leveraging entitlement funding represents the best opportunity to accomplish the city's community development goals. By concentrating investments in these target locations, the city can achieve its intended results in the most efficient and timely manner possible.

The NRSA Plan is designed to use CDBG funds in activities that are intended to build market confidence in neighborhoods by stabilizing housing stock and public improvements that enhance neighborhoods, increasing homeownership rates, job creation and retention, growing small businesses, and creating greater access to capital for LMI microenterprise business owners. The NRSA provides greater flexibility that allows the City to serve a broader base of residents and businesses than would otherwise be eligible.

AP-55 Affordable Housing – 91.220(g)

Introduction

The City utilizes a combination of strategies and funding sources to address the affordable housing needs in the community. These efforts include the implementation of the Quality Neighborhoods (QN) Program to purchase homes, rehabilitate and then sell them to LMI households and includes acquisition for building new housing units. The Emergency Home Repair Program also improves the safety of affordable housing units that experience an emergency. The city funds Infill housing projects to increase the supply of quality affordable housing units. The city may partner with a Community Housing Development Organization (CHDO) to renovate or build affordable single-family housing units or rental housing units. In addition, the Own In Ogden, down payment assistance program provides LMI households the funds needed to help purchase a home in Ogden and homebuyers must live in the HOME assisted unit as their primary residence. The City is committed to improving the quality of affordable housing units in Ogden and to assisting LMI households meet their housing needs. Seventy-one percent of the CDBG, HOME and HOME-ARP funds are budgeted to housing benefit.

With the use of CDBG and HOME and/or a combination of these funding sources, it is anticipated that **32** households will receive assistance thru the availability of renovated affordable housing units, construction of new housing units or assistance in the purchase of homes: **11 housing units rehabilitated** (6 Quality Neighborhood and 5 Emergency Home Repair); **1 new housing unit constructed** (Quality Neighborhoods program) this program year; and **acquisition of 20 housing units** (20 Own In Ogden down payment assistance loans to LMI homebuyers).

AAP FY24 Amendment #1

With the use of CDBG and HOME and/or a combination of these funding sources, it is anticipated that **63** households will receive assistance thru the availability of renovated affordable housing units, construction of new housing units or assistance in the purchase of homes: **11 housing units rehabilitated** (6 Quality Neighborhood and 5 Emergency Home Repair); **2 new housing unit constructed** (Quality Neighborhoods program) this program year; and **acquisition assistance for 50 housing units** (50 Own In Ogden down payment assistance loans to LMI homebuyers).

AP-60 Public Housing – 91.220(h)

Introduction

The Ogden Housing Authority (OHA) continues to play a major role in providing public housing within Ogden City. The OHA administers several affordable housing programs to include 200 public housing units at six scattered sites and administers 986 Housing Choice Vouchers, 111 HUD-VASH Vouchers, 25 Shelter Plus Care Vouchers, 140 Mainstream Vouchers and funding for 6 HOPWA clients. In addition, OHA administers 30 Moderate Rehabilitation units owned by private owners. Although the OHA strives for 100% utilization there are challenges in administering affordable housing programs as there is a huge demand for affordable rental within Ogden City to include an increased need in HUD's budget authority. These challenges create a shortfall of affordable housing and housing choice. While the OHA served over 1,800 families during the period January 1, 2022 thru December 31, 2022 which includes over 1,200 children, there continues to be a need for the services offered by the housing authority. There are approximately 2,500 families on the waiting list.

Actions planned during the next year to address the needs to public housing

To meet this need OHA will continue to utilize funding received from HUD to serve the housing needs of families that apply for rental assistance. OHA understands that utilizing 100% of the funding for the programs will have a positive impact on families waiting to be served. In addition, the housing authority continues to seek other funding opportunities or opportunities to partner with other agencies to meet the housing needs in Ogden City.

In an effort to meet the needs of affordable housing OHA will continue to work towards the following strategies:

- If available, seek additional funding for the Section 8 Housing Choice Voucher program to ensure families have the ability to find decent, safe, and affordable rental housing. The OHA was successful in obtaining 67 vouchers. Of these are 29 Emergency Housing Vouchers that, unfortunately, will not be funded after September 30, 2023 if tenants terminate from the program.
- Ensure Housing Choice Voucher units are properly utilized, to include funding, to maximize the number of families served. The OHA has maximized the payment standard to 110% of the FMR to include obtaining waivers for an increase above the payment standard and a shorter timeframe to make the payment standard effective.
- Ensure Public Housing units are utilized with little down time to serve families on the waiting list. The OHA has employed effective maintenance and management policies to minimize the number of public housing units off-line and vacancy turnaround time. This include contract paint and unit cleans.
- Ensure the waiting list is properly maintained and utilized to meet the housing needs for applicants. The OHA meets with staff more often now than before to make sure those that are updating for housing are getting paper work submitted timely and directed to housing opportunities.
- Undertake measures to ensure access to affordable housing among families assisted by the OHA, regardless of unit size required. The OHA reaches out to landlords in the community for available

units and maintains a list for families seeking affordable housing.

- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration.
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program. The OHA screens all applicants prior to issuing a voucher except for programs that do not require such screening.
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies.

Increase the number of affordable housing units by:

- Apply for additional Housing Choice Vouchers and other funding as available.
- Leverage affordable housing resources in the community through the creation of mixed finance housing.
- Pursue available housing resources other than public housing or Section 8 tenant-based assistance. Seek opportunities for tax credits to construct new or rehabilitate existing housing. The OHA is currently working to develop and 56 unit apartment complex to serve homeless individuals.

Target available assistance to Families with Disabilities:

- Carry out modifications needed in public housing as funding allows.
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available. This includes Mainstream Vouchers.
- Affirmatively market to local agencies that assist families with disabilities.

Actions to encourage public housing residents to become more involved in management and participate in homeownership.

The Housing Authority has a Resident Advisory Board (RAB) that meets regularly. The RAB is comprised of clients/tenants served by the agency. The purpose of a RAB is to act in an advisory capacity to the OHA's annual plan and encouraged to express/voice the concerns of the tenants and to make suggestions to management. In addition to the RAB, the OHA has one Board of Commissioner seat designated for a tenant/client served by the agency.

OHA continues to reach out to those served by making educational and informative classes available through other agencies. These classes are related to computers, financing, housekeeping, GED, etc. Ogden City forwards City job announcements to the OHA for posting at OHA's community boards. As opportunities arise for employment and homeownership opportunities the OHA would direct residents to these resources. Although the OHA does not mandate any of the above, efforts are made to encourage and promote self-sufficiency, which hopefully can lead to home ownership.

In partnership with Ogden City, the OHA displays draft Consolidated Plan documents at the OHA offices. City staff meets with the RAB, providing residents an opportunity to participate in the Consolidated Plan process.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance.

The Ogden Housing Authority is not designated as troubled.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Ogden does not apply for or receive Emergency Shelter Grant (ESG). ESG funds are administered by The Lantern House in Ogden. ESG is one of the sources used to address the needs of homeless persons and persons with special needs in Ogden. ESG funding is used to implement strategies to prevent homelessness, encourage individuals living on the streets to move to housing and provide services to those living in emergency shelters with the goal of successful permanent housing placements.

In September 2021, Ogden City was awarded from the U.S. Department of Housing and Urban Development (HUD) \$1,652,923 HOME Investment Partnerships Grant – American Recovery Plan (HOME ARP) grant funds to benefit qualifying populations with four eligible activities: (1) Tenant Based Rental Assistance (2) development and support of affordable housing (3) provisions of supportive services; and (4) acquisition and development of non-congregate shelter (NCS) units. The City adopted a HOME ARP Allocation Plan in Amendment #3 to AAP FY22. Ogden Housing Authority (OHA), was selected as the City's HOME ARP subrecipient, selected from a Request from Proposals process. OHA will engage approximately 15 HOME ARP-qualified-population homeless individuals to assess their need and provide Tenant Based Rental Assistance (TBRA) and supportive services in the program year. The City will continue implementation of the HOME ARP Allocation Plan through OHA until resources are exhausted to help house or keep housed families or individuals through eligible activities.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

During and after the housing crisis caused by the COVID-19 pandemic, HOME-ARP qualifying populations in Ogden need support to improve their resilience. These vulnerable families and individuals experience compounded obstacles, including housing cost burden or living in poor housing conditions. The City will provide rental assistance and supportive services in order to stabilize homeless and at risk populations through Ogden Housing Authority as a subrecipient/ contractor. The HOME ARP Allocation can be viewed at: <http://HUDconplan.ogdencity.com>. It is anticipated that 15 persons will be assisted with HOME ARP TBRA and Supportive Services in FY24.

Ogden's Homeless Advocate canvases the Ogden area on a regular basis in search of individuals who are experiencing literal homelessness and are not yet linked with homeless services. This program connects homeless individuals with homeless-to-housing case managers to help provide education about shelters and resources, and housing assistance. As an outreach program, there is no application for this program and it is funded by non-federal funding. Ogden City Police have implemented a Code Blue Program. When temperatures reach below freezing temperatures, police officers and Ogden City Police Department's homeless advocates scan the area in search of homeless person to guide them to shelters before the storm. Ogden's Homeless Advocates have a trauma-informed approach; they create case-management plans for each individual, helping them get IDs, find housing and navigate the legal system.

The City continues its participation in and support of the Weber County Homeless Coordinating Council's (WCHCC) efforts to end homelessness and Weber County Homeless Charitable Trust (WCHCT) efforts to support homeless providers and homelessness prevention service providers. The City of Ogden works in coordination with the WCHCC, which is the lead agency reporting to the Utah Balance of State (UBOS) Local Coordinating Council.

The City participates in the Continuum of Care (CoC) process regarding Utah's anticipated Emergency Shelter Grant (ESG) Funds for the year, which is obtained competitively through the Utah Department of Community and Economy Development. In addition, the City coordinates efforts with the Lantern House, which receives ESG funds. The Weber Housing Authority conducts point in time counts for the WCHCC. The point in time counts allows participant agencies to assess the level of homelessness needs in the community, as well as provide referral services and resources to homeless persons.

The City has allocated substantial resources to create jobs through economic development activities. Insufficient incomes have been identified by the city, county and state as a main contributing factor to homelessness. The City's NRSA Plan, Ogden City's Strategic Plan, East Central Housing Needs Assessment and AI, as well as stakeholder input support job creation in Ogden for the goal of increasing incomes for Ogden residents. The city has committed considerable resources (both federal and non-federal resources) to addressing one of the most overwhelming obstacles in homelessness prevention, insufficient incomes.

The City participates in the Weber County Homeless Charitable Trust (WCHCT) to provide funding to non-profit homeless providers (described in priority objective 4.1 in the ConPlan). The Weber County Homeless Charitable Trust is an independent organization whose sole purpose and mission is to provide funding to non-profit homeless prevention and services providers. Ogden City supports the WCHCT and the Community Development Manager serves on the Trust's Board of Directors.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Lantern House is the emergency shelter for Northern Utah. The new facility was completed in 2015, which expanded services from their outdated facility. The Lantern House can now provide shelter to households without splitting up families with older children and male head of household. The new facility allows the shelter to accommodate the increase in the homeless population in Weber County.

WCHCC is developing a coordinated access system to assess the status of housing and support services. The WCHCC provides services to connect individuals to resources that assist individuals and families to move from homelessness to qualifying for low-income housing with the ultimate goal for some, of achieving homeownership. Prevention programs offer support prior to the loss of housing such as rental and utility payment assistance for low-income families. Discharge plans ensure housing connections are made for individuals leaving institutions, such as jails, hospitals, and substance treatment facilities. For those currently in shelter, treatment of homelessness takes the form of rapid re-housing or placement into housing with concurrent supportive services.

The Veterans Affairs Supportive Housing (VASH) program targets the needs of homeless veterans and their families and provides housing resources and case management with support services. Your Community Connection is a community-based, volunteer driven non-profit organization serving the Northern Utah community since 1945. Its mission is "to provide services to support and enhance the quality of life for all women, children and families". YCC's programs focus on providing at-risk individuals and families with opportunities and education to achieve goals of affordable housing, homeownership, and self-sufficiency. The YCC has received McKinney-Vento Homeless Assistance Act grant funds. These shelter and transitional programs address the needs of specific populations such as chronically homeless persons, families, persons with severe substance abuse histories or those suffering from dual or multiple co-occurring disorders.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Shelter Plus Care

Shelter Plus Care is a program designed to provide housing and supportive services to chronically homeless individuals with disabilities. Ogden Housing Authority and Weber Housing Authority provide housing vouchers along with supportive services to be provided by Weber Human Services, Lantern House and Utah Division of Workforce Services.

Program Goals:

- Increase housing stability
- Increase skills and/or income
- Increase access to needed supportive services
- Reduce recidivism

The OHAs Shelter Plus Care program works in partnership with local non-profit agencies to coordinate efforts for chronically homeless individuals. Under this partnership agreement, Lantern House, and Weber Human Services refer those meeting the definition of chronically homeless to the OHA. The OHA, if a Shelter Plus Care voucher is available, provides the housing assistance. The partners provide the appropriate services and case management support that provides the opportunity needed to transition to permanent housing and self-sufficiency. The OHA has applied for funding to continue the Shelter Plus Program for an additional year.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City's ConPlan goals contribute to helping homeless persons make the transition to permanent housing and independent living by funding economic development initiatives that create jobs in Ogden and by expanding affordable housing options to these populations. The City funds services, such as homeless street outreach and homeless court at the Lantern House, using non-federal funds.

Ogden's Homeless Advocates have a trauma-informed approach; they create case-management plans for each individual, helping them get IDs, find housing and navigate the legal system.

Discussion

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

There are a number of barriers to affordable housing that can only be partially controlled at the local government level. These include availability of sites, construction costs and banking / credit practices. Construction costs are influenced by economic conditions in the entire Northern Utah region. Banking practices are determined largely by institutional practices and federal regulations. The City has developed partnerships with local lending agencies to increase low- and moderate-income lending opportunities.

Zoning and building and safety regulations can create barriers to affordable housing. To avoid barriers, the City has an on-going practice of updating its zoning code. The City has a zoning ordinance in place which opens up opportunities for different housing types. Specifically, it promotes attached housing, very small lots for single family homes, apartment development and units above commercial space. The City also conforms to standards set by the International Building Code (IBC), which is utilized through the State of Utah and the enforcement of IBC regulations does not create unique restraints on construction or rehabilitation in Ogden.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

Per Utah Code, Ogden City has adopted a Moderate Income Housing Implementation Plan. The Plan describes specific strategies that the city will implement to meet the needs of people of various income levels living, working and desiring to live or work in the community. Ogden City does not have impact fees for accessory dwellings. Annually, the city will report on the existing housing supply to determine if there is an adequate supply of quality moderate income housing. The report will include an inventory of approved accessory dwellings units each year and track the number of cottage lots that are subdivided from existing single-family lots in the East Central Community within two blocks of the new Bus Rapid Transit (BRT) route.

As part of the Make Ogden Downtown Plan implementation ordinance, the city has adopted objective standards to encourage residential development with no maximum densities in downtown. Ogden's Downtown Area allows residential uses in all downtown zones. Ogden will encourage the development of an estimated 7,700 new housing units over a period of thirty years based on the Downtown Master Plan. This area is supported by FrontRunner, BRT and Bus Service that will support high density and moderate-income housing. Housing units will be tracked annually within the Downtown Master Plan Area. As part of the Make Ogden Downtown Plan implementation ordinance, the city will further reduce parking requirements for residential developments in downtown zones and consider implementing a phased paid parking system in the Downtown Area that will encourage higher parking turnover and reduce the need for additional parking in the area. Parking reductions for residential uses and elimination of parking for non-residential uses will significantly reduce the cost of development.

- In November 2022, the Ogden City Council adopted an amendment to the East Central Community Plan and the zoning ordinance allowing accessory dwelling units in all single-family residential zones in the East Central Community. Removing the ADU restriction in the R-1-5 zone.
- Ogden City's General Plan requires higher density developments in Transit-Oriented-Developments, urban mixed use and neighborhood village centers.
- In December 2021, the Ogden City Council adopted the Capitol Square Plan, which allowed higher density mixed-use development in a block near the BRT Route.

- In November 2022, the Ogden City Council amended the zoning ordinance to allow cottage lots (1,500 sf lots) within two blocks of the Ogden Express BRT route in the East Central Community.
- In November 2022, the Ogden City Council amended the zoning ordinance to create a Nine Rails Creative District R-9 zone in the East Central Community near the Ogden Express BRT route and Porter Avenue. This zone increased the allowed density to 29 dwelling units per acre and allowed cottage lots as small as 1,500 square feet.

Discussion

According to the City's Analysis of Impediments to Fair Housing Choice, Ogden's impediments include:

Uneven Fair Housing infrastructure - Fair Housing brochures, webpage and materials are printed mostly in English, limiting the available of Fair Housing information to non-English speaking persons.

ACTION ITEMS

1. Utilize the City's Language Assistance Plan (LAP). Posting notices and/or announcements in English and Spanish. Expand HUD-funded programs' outreach to include Spanish translation.
2. Collaborate with the LUPEC, OgdenCAN and Suazo Center to promote Ogden's HUD funded programs to the Hispanic community.
3. Continue to provide citizens with consistent Spanish translation services.
4. Establish a centralized list of resources for assisting LEP individuals, by utilizing the City's Intranet.
5. Provide training to city employees regarding Fair Housing and Section 3.

Deteriorating Quality of Housing Inventory in Racially Concentrated Areas of Poverty (RCAP)- Ogden's housing stock is aging in Ogden's NRSA.

ACTION ITEMS

1. Engage the State and local Weber County communities to develop solutions that end the concentration of low-income housing in Ogden and de-concentration of low-income housing and poverty in Ogden.
2. Adopt a Moderate Income Housing Plan.
3. Target funds to the NRSA to promote investment of resources in RCAPs.
4. Implement Quality Neighborhoods Program to target resources to improving the condition of housing in the NRSA and in Ogden's high minority and high poverty East Central neighborhoods.
5. Partner with local lenders and non-profit groups and social investment companies to expand access to funding to improve the quality of housing in the NRSA that has two RCAP Census Tracts.
6. Providing loans for housing rehabilitation to all income levels through the Home Exterior Loan Program (HELP).
7. The City maintains a comprehensive infrastructure plan which has an infrastructure replacement schedule that bonded for significant improvements in the NRSA area over the next decade.

Weak Job-Transit Connections - Throughout the community engagement process, one area that identified as impacting housing choice and access to employment resources was transportation.

ACTION ITEMS

1. Implement the City's Transportation Master Plan, which identifies the City's transportation needs and deficiencies and addresses the creation of a transportation network.
2. Partner with Utah Center for Neighborhood Stabilization to identify Utah Equitable Transit Oriented Development project sites in Ogden.

3. Continue construction of a Bus Rapid Transit (BRT) line (Phase II) that increases mobility, connectivity and travel choices between downtown Ogden, WSU village Drive, Dee Event Center, Harrison Boulevard, 4400 South and the WSU/McKay-Dee Hospital area.

AP-85 Other Actions – 91.220(k)

Introduction

Ogden City has developed actions to address the following city needs obstacles to meeting the underserved needs, fostering affordable housing, reducing lead-based paint hazards, reducing the number of families living in poverty, developing institutional structures and enhancing coordination between public and private housing and social agencies. The city will use CDBG, HOME and HOME ARP funding to meet the needs of the community over the Fiscal Year.

Actions planned to address obstacles to meeting underserved needs.

The Five Year Consolidated Plan identified the underserved needs in Ogden City as (1) Housing for large families, (2) Housing for persons with mental disabilities, (3) Housing for persons with physical disabilities, (4) Homeless transitional housing, (5) Household sustaining employment opportunities for low and moderate income households and (6) Business opportunities for low and moderate income investors.

Some of the obstacles contributing to these underserved needs are:

- Increase in demands for funding
- Low incomes and wages
- Limited supply of Section 8 vouchers
- Housing needs for extremely low income individuals exceeds the available supply
- Increased costs of construction
- Diminishing supply of land for development
- Challenges of redevelopment (land assembly, costs, adequate developers)
- Private, non-profit and government inability to keep up with growth of population in need
- Competing demands for public services

The city's HOME funds are geographically targeted to preserve and provide affordable housing stock city-wide but primarily targeted in the NRSA. By targeting rehabilitation efforts within low-income census tracts, the housing needs of Ogden's LMI residents are addressed. The Emergency Home Repair loan program, which is funded through CDBG, provides loans to low-income persons who cannot afford to address housing health/safety needs. Applicant selection for this program is based on income eligibility. The Emergency Home Repair Program provides loans to qualified homeowners city-wide and is not geographic specific.

The rehabilitation and development of the Ogden City Central Business District and its' adjoining inner-city neighborhoods will provide the positive incentives necessary for attracting new businesses to Ogden. Jobs created/retained within the NRSA are presumed to benefit low-mod income persons. The goal for new business and economic developments will be to create household sustaining incomes for Ogden City residents while furthering the growth and fiscal health of the City.

To assist in homeless prevention, the City provides an incentive to encourage homeless persons to participate in the Service Prioritization Decision Assistance Tool (SPDAT). The SPDAT survey assesses the

individual's vulnerabilities and helps identify homeless persons who are most in need of services, thus targeting resources to those most in need.

Actions planned to foster and maintain affordable housing.

While the City can choose from a broad array of eligible activities in regard to the use of CDBG funds, more than 70% of the HOME and CDBG budget will serve to maintain and improve the quality of the city's supply of affordable housing. To this end, the Quality Neighborhoods program sets out to purchase, rehab and sell homes affordable to LMI households. These homes are often distressed housing units that need substantial work to bring them up to quality standards. The Emergency Home Repair Program will assist five low-income households make emergency repairs to their homes facilitating their ability to stay in their homes and remain owner-occupants. One hundred percent (100%) of the City's HOME funds will directly benefit low-to moderate-income households with housing. HOME-funded Own In Ogden down payment assistance program will assist 20 low- to moderate-income households purchase a home. One key service that helps educate people and prepare them to have a successful homeownership experience is the Homebuyer Education Class. Utah State University offers a homebuyer education class to Ogden residents. A homebuyer education class is required for all Own In Ogden participants. Participants may submit a receipt for the cost of the class to the City for reimbursement of the homebuyer education class when purchasing a home with Own In Ogden down payment assistance. 62% of the CDBG and HOME budget is allocated to foster and maintain affordable housing in Ogden's NRSA.

As part of the Make Ogden Downtown Plan implementation ordinance, the City has reduced parking requirements and will continue to evaluate parking requirements for residential developments in downtown zones. The city will hold public hearings and consider implementing a phased paid parking system in the Downtown Area that will encourage higher parking turnover and reduce the need for additional parking in this area. Parking reductions for residential uses and elimination of parking for non-residential uses will significantly reduce the cost of development. In 2023, submitted to Wasatch Front Regional Council (WFRC) the Downtown Master Plan and associated materials for a State of Utah certification as a Station Area Plans for the Ogden Frontrunner station.

Actions planned to reduce lead-based paint hazards.

AAP FY24 Amendment #1 Ogden City partners with Weber Morgan Health Department (WMHD) to apply for the HUD Lead Hazard Reduction Grant Program (LHRG). WMHD is the applicant agency. Ogden City Community Development Division supports the LHRG program by committing staff time to assist in LHRG program outreach, education, marketing, referrals, and processing applications once the grant is awarded. This commitment is in support of WMHD and the objective is to identify lead hazards within the high risk households and households with children with Elevated Blood Lead Level (EBLL)s. The goal is to reduce the number of childhood lead poisonings within Ogden's census tracts that have three times a higher rate of children under six years of age with confirmed EBLLs than the WMHD District of State of Utah.

AAP FY24 - The Quality Neighborhoods Program targets rehabilitation of older homes. Due to the age of the housing in Ogden's NRSA target area, each home is tested for LBP, and work is performed to mitigate lead-based paint hazards. Work on these homes takes place while the homes are still vacant, eliminating the threat of lead-based paint exposure to homeowners. After the rehabilitation work is completed, using HUD safe work practices, a final lead-based paint inspection is conducted by an independent, certified LBP contractor. A clearance report, as determined by HUD guidelines, is issued prior to marketing the home for sale to an income-eligible household.

Homes that are purchased with Own in Ogden down payment assistance are visually inspected for deteriorated paint surfaces that could present lead-based paint hazards. If a property is found to have deteriorated paint surfaces, identified thru a visual assessment, then surfaces must be tested for lead and treated according to HUD regulations, when participating with HUD-funded programs.

Actions planned to reduce the number of poverty-level families.

The City itself is limited in the amount of support it can provide for anti-poverty efforts. Funding for social service activities is extremely limited. Ogden Weber Community Action Partnerships receives Community Service Block Grant and takes the lead on many anti-poverty programs in Ogden.

The ConPlan supports efforts to the goal of reducing poverty through employment and encouragement of economic growth and development. ConPlan objectives encourage the following strategies aimed at reducing poverty:

- Encourages appropriate growth by improving the competitiveness of existing businesses through loaning funds to small businesses.
- Transportation solutions for low-income persons – Utah Equitable Transportation Oriented Developments and Bus Rapid Transit lines in Ogden.
- Section 3 outreach and education.
- Develop recreation, aerospace, manufacturing, and technology industries.
- Create jobs by providing businesses with access to capital.
- Encourage greater redevelopment activity in the City.
- Develop joint public-private investment strategies.

Redevelopment organizations have been created to promote economic development and implement redevelopment plans within the City – the Ogden Redevelopment Agency and the Local Redevelopment Agency. The creation of higher wage jobs for community residents is a top priority for these organizations.

The City will continue its economic development efforts and its partnerships with the Ogden-Weber chamber, Downtown Ogden Inc., 25th Street Association, and local banks to attract new businesses and industries to Ogden, to retain existing businesses and industries, and to encourage their expansion. Because the creation of economic opportunities is not an isolated solution to alleviating poverty, the City will collaborate efforts with Ogden Weber Community Action Partnership (OWCAP) and Ogden Weber Technology College's (OTECH) YouthBuild when possible.

Section 3

Ogden City works toward providing local residents, to the greatest extent feasible, job opportunities and/or training, from HUD-funded projects. In partnership with Ogden Housing Authority, Ogden Weber Technology College's Youth Build Program, and Utah Department of Workforce Services, Ogden's Community and Economic Development Department promotes Section 3, which includes notifying low-income, public housing residents of job opportunities generated from HUD-funded programs and projects and provides preferences in HUD-funded programs and projects for Section 3 businesses in construction contracting opportunities. Ogden City's Quality Neighborhoods housing rehab contractors attend Section 3 training.

Microenterprise Loan Program - the CDBG-funded Microenterprise Loan Program provides funding to LMI Microenterprise owners with technical assistance resources to promote business success. City Staff worked with the Wasatch Front Regional Council, Suazo Business Center, and Ogden Weber State University to identify and better understand the challenges microenterprise owners confront. It was observed that microenterprises often lack the technical assistance and education needed to survive in these trying economic conditions. Subsequently, in the prior year, the City modified the City's Microenterprise Loan Program to offer technical assistance through qualified technical assistance Training Providers. Suazo Business Center offers microenterprise technical assistance classes in Spanish. And Weber Stated Small Business Development Center offers technical assistance classes in English. The City has leveraged CDBG funding to increase the success rate of LMI microenterprises owners.

Partnerships

The City will continue its economic development efforts and its partnerships with the Ogden-Weber chamber, Utah Micro Loan Fund, Business Loans Utah, Utah Center for Stabilization, Wasatch Community Funding, Downtown Ogden Inc., 25th Street Association, and Ogden Reinvestment Corporation to attract new businesses and industries to Ogden, to retain existing businesses and industries, and to encourage their expansion. Because the creation of economic opportunities is not an isolated solution to alleviating poverty, the City will collaborate efforts with Ogden Weber Community Action Partnership (OWCAP) and Ogden Weber Applied Technology College's (OTECH) YouthBuild when possible. In addition, Ogden City supports OWCAP's Volunteer Income Tax Assistance (VITA).

Actions planned to develop institutional structure.

During the AAP FY24, the City will continue to strive to establish an institutional structure that maximizes the funding sources used for housing and community development needs as well as simplify the process involved in developing new housing, improving conditions of existing housing and creating jobs.

Through CDBG and HOME programs, the City collaborates with partners to deliver resources effectively. The City works toward:

- Strengthening existing public/private partnerships and creating new ones to implement programs and deliver services of all types.
- Promoting citizen participation in ConPlan planning processes.
- Utilizing the city's website to create easy access to HUD-related information.
- Working with City Departments/Divisions to complete HUD funded activities (i.e., street improvements and building inspections).
- Collaborating with social services providers to assist Ogden's low-income residents.
- Participating in the Weber county Charitable Trust Fund and Weber County Homeless Coordinating Council to support the efficient use of public funds that serve the homeless population.
- Supporting advocacy and planning activities with organizations whose primary mission relates to housing for low- to moderate-income households.

Actions planned to enhance coordination between public and private housing and social service agencies.

The City of Ogden is involved in many different committees and groups. These groups involve representatives from social service agencies, housing agencies both City and County Housing Authorities, and other community stakeholders. Committees and groups typically discuss the coordination of efforts to enhance the effectiveness of the committee or group's goals. The City will continue to support efforts through the participation in the following committees:

- Regional Analysis of Impediments participating jurisdictions
- Ogden Housing Authority
- Ogden Weber Community Action Partnership
- Weber County Homeless Coordinating Council
- Weber County Charitable Trust Fund
- Ogden Redevelopment Agency
- Coalition of Resources (COR)
- Wasatch Front Regional Council
- Weber Housing Authority

The City attends Coalition of Resources (COR) meetings. COR is a group of over 100 local agencies, for-profit and non-profit social service providers that meets monthly. The goal of COR is facilitating the efficient use of limited resources in administering social services. Each month COR participants share about the current services or events offered by their organization. In addition, one provider is selected to highlight the services they provide. The COR members pass on information to their clients. COR meetings have been a huge help in notifying the public about ConPlan programs and events.

Discussion

Staff participation on local committees and boards involved in community development provides input on community needs and a means to work towards better coordination of services for low- and very-low income residents. Community and Economic Development (CED) staff serves on the board of the Ogden Housing Authority, (Ogden's public housing provider), Weber County Homeless Charitable Trust Fund Board, and Ogden Weber Community Action Partnership (OWCAP). OWCAP is the area lead provider for anti-poverty services and is a grantee of HUD's Community Service Block Grant (CSBG) program. The Community and Economic Development Department will continue to be involved in interagency efforts to strengthen the institutional structure for housing and economic development. Network through committees has worked to expand the City's public participation efforts.

Broadband Planning and Access

The City has applied for funding from the State of Utah for Broadband planning and public access grants:

- Local Broadband Planning Priorities Grant
 - Intended to cover planning costs that would ultimately get broadband infrastructure to everyone's home.

- Award: \$30,000
- Local Digital Access Planning Priorities Grant
 - Intended to cover planning costs to help people achieve digital connectivity when they don't have the education, skills, or enough money to purchase broadband.
 - Award: \$30,000

The City will continue its work to improve broadband access city-wide.

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction

AAP FY24 Amendment #1 - The City incorporates a one-year CDBG overall Low- and Moderate-Income Benefit Certification Period, July 1, 2023 to June 30, 2024, and commits to no less than 70% of CDBG and CDBG-CV funding will benefit low- to-moderate income (LMI) persons. CDBG regulations require that no less than 70% of its CDBG and CDBG-CV funding will benefit low- and moderate-income residents and that no more than 30% of its CDBG and CDBG-CV resources will be used for urgent need, assisting households in the NRSA with incomes over 80% AMI, and/or preventing / eliminating slums or blight. The City will continue its commitment to improve housing, neighborhoods, and economic conditions in Ogden with a minimum of 70% CDBG and CDBG-CV funding to benefit LMI persons. **Neighborhood Revitalization Strategy Area (NRSA) aggregation of housing incentive** - In the program year, the city will complete the construction and sale of two newly constructed single-family homes (in the NRSA at 2800 Monroe) to households with household incomes above 80% Area Median Income (AMI). Utilizing the NRSA incentive, the aggregation of housing units in the NRSA, the City will complete the rehabilitation of six single-family homes (in the NRSA) and sell them to LMI households. Exceeding the CDBG benefit standard, a minimum of 51% of CDBG assisted housing units in the NRSA, in the program year, will benefit LMI households.

AAP FY24 - The City incorporates a one-year certification period, July 1, 2023 to June 30, 2024, with 100% of CDBG and CDBG-CV funding will benefit low- to-moderate income (LMI) persons. CDBG regulations require that no less than 70% of its CDBG and CDBG-CV funding will be spent to benefit low- and moderate-income residents and that no more than 30% of its CDBG and CDBG-CV resources will be spent for urgent need or preventing / eliminating slums or blight. The City will continue its commitment to improve housing, neighborhoods and economic conditions in Ogden with 100% CDBG and CDBG-CV funding to benefit LMI persons.

All program income received before the start of the year has been expended or is programmed into the budget. The City does not have an urban renewal settlement and does not have float-funded activities.

Community Development Block Grant Program (CDBG)

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(1)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The city does not plan to undertake forms of investment beyond those identified in 24 CFR 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

HOME Recapture or Resale Provisions: Ogden City maintains a Recapture provision to ensure the Period of Affordability in homeownership HOME-funded units. The amount subject to recapture is the Direct Subsidy. The Direct Subsidy also determines the Period of Affordability (see chart which follows). This is defined as any HOME assistance that enabled the home buyer to buy the dwelling unit. It also includes assistance that reduced the purchase price from fair market value to an affordable price.

**Table 1-1: Determining the HOME
Period of Affordability**

| HOME Assistance per Unit or Buyer | Length of the Affordability Period |
|------------------------------------|------------------------------------|
| Less than \$15,000 | 5 years |
| \$15,000 - \$40,000 | 10 years |
| More than \$40,000 | 15 years |
| New construction of rental housing | 20 years |
| Refinancing of rental housing | 15 years |

Throughout the affordability period, income-eligible households must occupy the HOME-assisted housing.

The Quality Neighborhoods (purchase, rehab and resale) and the Own in Ogden (down payment assistance) programs offer down payment assistance loans to homebuyers, which triggers the Period of affordability requirements. Most down payment assistance loans are under \$15,000, which has a Period of Affordability of five years. Sworn Police Officers and Fire Fighters may receive up to \$20,000, which has 10 year period of affordability. If recapture is triggered, Ogden City will recapture the entire HOME investment loan amount upon sale, limited to net proceeds available at the sale. This recapture provision is discussed in section 24CFR92.254.a.5.ii.A.

Under the city's recapture provision, HOME recipients may sell their housing unit at any time during the period of affordability, to any willing buyer, and at a price the market will bear. The City imposes the Period of Affordability by written agreement and by recorded lien. In the event of the sale of a HOME assisted property before the end of the affordability period, the total amount of the assistance will be recaptured. In the event that there are insufficient funds following a sale (voluntary or involuntary) during the period of affordability to satisfy the HOME investment, the City's recapture amount will be limited to the net proceeds available (the sales price minus all other superior loan repayments and closing costs).

AAP FY24 Amendment #1 – In FY22, Ogden City published a Request for Proposals and selected Housing Authority of the City of Ogden (HACO) "Ogden Housing Authority" as a subrecipient to

implement a new HOME ARP Tenant Based Rental Assistance (TBRA) program. The City has adopted an internal subrecipient monitoring policy and will monitor HACO during the program year.

AAP FY24 - The city does not have subrecipients, therefore, no monitoring of HOME recapture for subrecipients is required.

The city does not plan to use a Resale provision for HOME assisted activities.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds. See 24 CFR 92.254(a)(4) are as follows:

The Period of Affordability for Purchase/Rehab/Resale and New Construction projects may vary because the Direct Subsidy amounts will vary from project to project. The recapture provisions for the amounts represented by the Discount (the difference between the fair market value and the sales price), and any down payment loans (including Own-In-Ogden loans) provide for Ogden City to recapture the discount amount and loan amount upon sale. This provision is discussed at 24CFR92.254.a.5.ii.A.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

No multi-family refinancing activities that would involve HOME funds are anticipated to occur in Ogden during the fiscal year.

Discussion

AAP FY24 Amendment #1 – Ogden City adopted AAP FY24 with a housing market study that increased the 2022 HUD HOME Homeownership Value limit from \$347,000 to \$380,000 for a single family housing unit in Ogden. The AAP FY24 was adopted before HUD published 2023 HOME Homeownership Value limits. The HUD 2023 HOME Homeownership Value limits have been published and AAP FY24 Amendment #1 adopts the HUD 2023 HOME Homeownership Value limits for Ogden City’s HUD-funded housing projects. For a single-family home in Ogden, the HOME Homeownership Value limits (maximum home purchase price) is \$428,000.

The HUD HOME Homeownership Value limits:

HOME and Housing Trust Fund Homeownership Sales Price Limits - FY 2023

AAP FY24 - Per 24 CFR 92.254, the purchase price and appraised value of HOME-assisted housing units may not exceed 95% of the median purchase price for the city. Following HUD guidelines, Ogden City has completed its own housing market study and determined up-to-date HOME value limits (Appendix D). Specifically, the purchase price limit of \$380,000 for a single-family unit was calculated based on a median sales price of \$400,000 (i.e., $\$400,000 \times 0.95 = \$380,000$). Insufficient data was available for new construction. This figure is for both new construction and existing homes. Upon HUD’s approval of AAP FY24, \$380,000 is implemented and incorporated in AAP FY24 as Ogden’s new single-family value limit for HOME-assisted housing units. The attached sales data includes a count of 350 sales for February-April 2022 and only includes addresses within Ogden City boundaries. Please see Attachment D for additional information.

Throughout HUD funded programs, the Community Development Division utilizes a first-come first-serve basis for selection of beneficiaries. Applicants that meet program guidelines, underwriting standards and household income eligibility are selected on a first-come first-serve basis. All people are welcome to apply. The business loan programs also follow a first-come first serve basis for applicants that meet program guidelines and underwriting standards. The Special Economic Development Projects determines project selection by targeting businesses in key industries and/or businesses located in the Central Business District, NRSA, airport, major corridors, Trackline EDA and the Business Depot of Ogden. In the selection of contractors hired for HUD-funded construction projects, Section 3 and MBE businesses are encouraged to apply and notified of contracting opportunities. For applicable HUD-funded programs, the city outreaches to Section 3 and MBE businesses during the solicitation process.

Applications and program guidelines are available at the city offices, Business Information Center and the city websites.

**AVISO DE DISPONIBILIDAD PARA REVISIÓN PÚBLICA
Y PERÍODO DE COMENTARIOS PÚBLICOS DE 30 DÍAS PARA
LA CIUDAD DE OGDEN
PLAN DE ACCIÓN ANUAL 1 DE JULIO DE 2023 AL 30 DE JUNIO DE 2024**

Este aviso anuncia la disponibilidad del Plan de acción anual del 1 de julio de 2023 al 30 de junio de 2024 (AAP FY24) para revisión y la oportunidad de comentarios de los ciudadanos. Como parte del proceso de planificación para la financiación de HUD, el Departamento de Vivienda y Desarrollo Urbano (HUD por sus siglas en Inglés) de EE. UU. requiere que la ciudad de Ogden prepare un Plan de acción anual para el uso de los fondos federales recibidos para fines de desarrollo comunitario y de vivienda. AAP FY24 es el plan de implementación para el cuarto año del Plan Consolidado de Cinco Años de la Ciudad (2020-2025). El ConPlan es el vehículo de la ciudad para identificar y priorizar las necesidades y estrategias de vivienda, desarrollo comunitario y desarrollo empresarial. AAP FY24 está disponible para un período de comentarios y revisión pública de 30 días que comienza el 9 de abril de 2023 y finaliza a la medianoche del 8 de mayo de 2023. Los ciudadanos pueden ver el documento borrador completo y comentar en el sitio web: <http://HUDComplan.ogdencity.com>.

El AAP FY24 incluye estimaciones de financiamiento anticipado, asignaciones de derechos de HUD y usos propuestos de fondos, así como un resumen de necesidades, recursos y estrategias de vivienda y desarrollo comunitario. Appendix C - Priority Objectives, Programs and Goals Summary Matrix

Ogden City Five Year Consolidated Plan 2021-2025 AAP FY2024 Programs and Goals Matrix

Priority Objective 1: IMPROVE THE QUALITY AND INCREASE THE SUPPLY OF DECENT AFFORDABLE HOUSING

1.1 Quality Neighborhoods – Rehabilitate housing units and construction of new housing to upgrade existing housing stock to alleviate conditions of blight and provide quality and affordable housing opportunities.

The Quality Neighborhoods - Rehab/Resale Program is designed to be flexible to address the specific needs for revitalization of blocks located in Ogden, with specific priority in the NRSA. The City purchases vacant or dilapidated housing units, HOME and/or CDBG funds are used to rehabilitate the housing unit. Activities may be undertaken with private or nonprofit partners including CHDO partners. Eligible applicants for purchase are low-moderate income households (up to 80% of Area Median Income) who will qualify for purchase financing, and who will occupy the home as a primary residence. Homes are sold on a first come first served basis. Homes are priced to be affordable to low- to-moderate income households. NRSA regulations also provide for a limited amount of home buyers with incomes in excess of the low-moderate income limit to purchase Quality Neighborhoods rehabilitated homes.

1.2 Emergency Home Repair Program (EHRP) – Enable low-income homeowners to stay in their homes.

Description: The Emergency Home Repair Program improves the quality of housing units and extends the life of the properties while contributing to overall improvement of the neighborhood. The emergency assistance alleviates threatening conditions that could force the owner occupants into homelessness because of impending conditions such as electrical and plumbing hazards, failure of the heating system, fire hazards, structural failure, and/or natural disasters. The program is available to all program-qualified low-income (up to 50% Area Median Income) owner-occupied property owners within the city limits of Ogden. Maximum loan amount is \$5,000. Loans are due on transfer of ownership.

| Priority Objective 1. Improve the quality and increase the supply of decent affordable housing | | | |

Priority Objective #2 – EXPAND HOMEOWNERSHIP OPPORTUNITIES

2.1 Own in Ogden – Enable low- to-moderate-income families to buy a home.

The Own In Ogden program provides zero percent interest, deferred payment, due on transfer of ownership, down payment assistance loans to low- to-moderate-income (LMI) households (up to 80% of Area Median Income). The Own In Ogden Program promotes homeownership with the goal of stabilizing neighborhoods and improving housing, as more people move from renting to owning a home. To encourage successful homeownership experiences, the city requires homebuyers to attend a homebuyer education class. The objective of home ownership was identified as a high priority during the development of the ConPlan, along with the community support and high utilization of the program.

Priority Objective #3 – IMPROVE THE SAFETY/APPEARANCE OF THE NEIGHBORHOOD

3.1 Target Area Public Improvements –Replacement of deteriorated public improvements in the public right of way, including streets, underground utilities, curbs/gutters, drive approaches, sidewalks, lighting, landscape, and trees. Locations will be in census tracts with predominantly low- to moderate-income households (LMI Census Tracts). While referring to the prioritized needs survey derived by the Ogden City Engineering Division, the primary focus will be on main local transportation corridors, and block faces where public improvements will coordinate with other targeted housing and neighborhood improvement initiatives. Special emphasis will be on the NRSA.

| Fourplex | 5/1/21 - 4/30/22 | 22 | 705,000 | 669,750 |

HOUSING MARKET STUDY - METHODOLOGY

- Analysis conducted according to 24 CFR 92.254(a)(iii)
- Objective: determine 95% of the median area purchase price for single family housing in Ogden
- Prices to be determined for different types of single-family housing
- Single Family Housing defined in 24CFR92.2 means a one-to four-family residence, condominium unit, cooperative unit, combination of manufactured housing and lot, or manufactured housing lot.
- Combined existing and newly constructed housing as new housing numbers are too low to be significant.
- Sales data reflects nearly all one-family house sales in Ogden. Source: Wasatch Front Regional Multiple Listing Service (MLS)
- Sales over the requisite number of months
 - Volume is less than 250 per month
 - Single Family & Condominium: Analysis over a 3-month reporting period, date range 3/1/22 – 5/31/22

- Manufactured Housing, Duplex, Triplex, Fourplex: 1-year history May 2021 to May 2022 generates sufficient number of sales
- Sufficient number of recent housing sales. Refer to summary chart.
- Property Data
 - MLS#, Address, Property Type, Year Built, Sold Date, Sold Price
- Median Value for each housing type
 - MLS sold data sorted by housing type
 - Sales ranked from lowest sales price to highest
 - Median is the middle value if an odd number of sales, or the highest of the two middle numbers if an even number of sales.
 - Home Affordable Homeownership Limits. Calculate 95% of Median for each housing type.
